WHEREAS, pursuant to State CEQA Guidelines §15206 and §15082, AMBAG publicly noticed and held four public scoping meetings in January 2016 for the purpose of soliciting comments from the public and potential responsible and trustee agencies, including details about the scope and content of the environmental information related to the responsible and trustee agencies’ areas of statutory responsibility, as well as the significant environmental issues, reasonable alternatives and mitigation measures that the responsible and trustee agencies would need to have analyzed in the Draft EIR; and

WHEREAS, a Draft EIR was completed and released for public review on December 4, 2017, and AMBAG initiated a 64-day public comment period by filing a Notice of Completion and Notice of Availability with the State Office of Planning and Research; and

WHEREAS, AMBAG evaluated all comments on significant environmental issues received during the comment period on the Draft EIR and prepared written responses to these comments, which are included in the Final EIR; and

WHEREAS, AMBAG prepared the Final EIR, consisting of: (1) the Final EIR volume, which is a complete revision of the Draft EIR; and (2) all appendices to the Final EIR (Appendices A-F), including Appendix F, which consists of comments received on the Draft EIR, a list of persons, organizations and public agencies commenting on the Draft EIR, responses to significant environmental issues raised in the review and consultation process and other information; and

WHEREAS, all of the findings and conclusions made by AMBAG pursuant to this Resolution are based upon the oral and written evidence presented to it as a whole, and not based solely on the information provided in this Resolution; and

WHEREAS, AMBAG has prepared a Mitigation Monitoring and Reporting Program in compliance with Public Resources Code §21081.6 and CEQA Guidelines §15097 (included as Attachment B) to ensure compliance with the mitigation measures identified in the Final EIR during project implementation and operation; and

WHEREAS, all other legal prerequisites to the adoption of this Resolution have occurred;
and

WHEREAS, prior to taking action on the Project, the AMBAG Board of Directors has heard, been presented with, reviewed and considered all of the information and data in the administrative record, including the Final EIR, and all oral and written evidence presented to it during all meetings and hearings;
