

Integrated Land Use Model and Development Monitoring Framework Tool Request for Proposals Questions and Responses December 17, 2021

- 1. As a university faculty, am I eligible to apply with our project team which completed few land use models recently?**

Response: Yes, university faculty and project teams are allowed to apply.

- 2. In the RFP, on page 4, under “Goals”, there are four suggested platforms (1. CommunityViz 2. UrbanFootprint 3. UrbanSim, and; 4. Comparable GIS platform). Is there any preference over any these platforms or the proposer can propose one out of these four options?**

Response: Bidders may select from any of the four options which are listed as we have not selected a preferred option.
