

Introduction

The 2017 Regional Transportation Plan (RTP) Guidelines includes a checklist that the Metropolitan Planning Organization is required to complete upon finalizing the long range transportation plan. The purpose of the RTP Checklist is to establish a minimum standard for developing the RTP. The checklist of transportation planning requirements has been updated in order to conform to federal and state RTP requirements. It is completed and included as an attachment to this Appendix for the 2045 MTP/SCS.
