Association of Monterey Bay Area Governments’ 2024 Title VI Program

Introduction

The Association of Monterey Bay Area Governments (AMBAG) is the federally designated Metropolitan Planning Organization (MPO) for the 18 cities and three counties within AMBAG’s tri-county area of Santa Cruz, Monterey, and San Benito Counties, which can be referred to as the “Monterey Bay region.” Each of the three counties in the Monterey Bay region has a Regional Transportation Planning Agency (RTPA) responsible for countywide transportation planning and implementation - the Transportation Agency for Monterey County (TAMC), the Santa Cruz County Regional Transportation Commission (SCCRTC), and the San Benito County Council of Governments (SBtCOG).

AMBAG works in close coordination with the region’s transit operators (Monterey-Salinas Transit [MST], Santa Cruz Metropolitan Transit District [SC METRO], and San Benito County Express), local jurisdictions, California Department of Transportation (Caltrans), the Monterey Bay Area Air Recourses District (MBARD), state and federal resource agencies, local agency formation commissions, and other special purpose public agencies.

AMBAG serves as the regional forum for the study and discussion of regionally significant issues, including housing, transportation, energy, and environmental quality. Elected officials from the 18 cities and the three counties form the AMBAG’s Board of Directors. In pursuing its mission, “AMBAG provides strategic leadership and services to analyze, plan and implement regional policies for the benefit of the Counties and Cities of the Monterey Bay region balancing local control with regional collaboration.”

AMBAG strives to inform and involve its local jurisdictions and the general public throughout the various programs, projects, and work activities conducted by the agency. AMBAG and its regional planning partners seek the participation of a diverse set of communities with an interest in regional planning efforts, including low income households, minority populations, Limited English Proficiency (LEP) populations, persons with disabilities, representatives from community and service organizations, tribal organizations, and other public agencies.

AMBAG and its partner agencies are required to satisfy statutory and regulatory guidelines in the structuring and implementation of its planning efforts. Both federal and state legislation, as well as local preference and practice, combine to shape the statutory environment that this 2024 Title VI Program must satisfy.

As such, pursuant to Title VI of the Civil Rights Act of 1964 and the Civil Rights Restoration Act of 1987, AMBAG assures that no person shall on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of or

otherwise subjected to discrimination under any agency-sponsored program or activity; nor shall sex, age, or disability stand in the way of fair treatment and respect for all individuals. In addition, AMBAG assures that every effort will be made to ensure non-discrimination in all its programs and activities, whether or not those programs and activities are federally funded.

Purpose of This Title VI Program

Title VI of the Civil Rights Act of 1964 and the Civil Rights Restoration Act of 1987 are federal statutes and provide that no person shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance. Title VI prohibits recipients of federal financial assistance from discriminating on the basis of race, color, or national origin in their programs or activities, and it obligates federal funding agencies, such as the U.S. Department of Transportation (DOT), to enforce compliance.

The Federal Transit Administration (FTA) Office of Civil Rights is authorized by the DOT's Secretary of Transportation to conduct civil rights compliance reviews for every MPO in California. FTA Circular 4702.1B sets guidelines for Caltrans, as a recipient of FTA funding assistance to require subrecipients of Caltrans Planning Grants to submit a Title VI Program every three years. As the federally designated MPO and a subrecipient of these funds, AMBAG is required to prepare a Title VI Program. This comprehensive document outlines AMBAG's Title VI process and procedures and emphasizes the use of public outreach techniques and innovative strategies to specifically include LEP populations within the Monterey Bay region.

Regional Roles and Responsibilities

Caltrans

Caltrans oversees the state transportation planning, and the metropolitan transportation planning and programming processes. Caltrans' primary responsibility is to ensure the function of the state highway system and develop transportation projects of statewide importance, including intercity rail projects. The State Transportation Improvement Program (STIP) includes transportation projects from throughout California, including those from all Monterey Bay region jurisdictions for approval by the California Transportation Commission (CTC), a policy making body appointed by the Governor and the State Legislature. In the Monterey Bay region, Caltrans District 5 is the liaison between our partner agencies and Caltrans Headquarters.

AMBAG

Established by a joint powers agreement in 1968, AMBAG provides a forum for policy and planning issues in the Monterey Bay region. AMBAG acts as the regional Council of Governments (COG) for Santa Cruz and Monterey Counties and since 1968 has been designated by the Governor as the MPO for the tri-county Monterey Bay region.

Membership of AMBAG includes 21 jurisdictions within Monterey, San Benito, and Santa Cruz Counties. An elected official from each jurisdiction is appointed by that jurisdiction's City Council or Board of Supervisors, with each of the 18 cities represented by one member, and each of the three counties by two members, forming the 24 member AMBAG Board of Directors. A representative from TAMC, SBtCOG, SCCRTC, Caltrans, MST, SC METRO, MBARD, Monterey Peninsula Airport District, and Central Coast Community Energy (3CE) each serve as an ex-officio member.

AMBAG, as the designated MPO for the Monterey Bay region, must satisfy statutory and regulatory guidelines when developing and programming transportation plans and projects. As a recipient of federal funding, AMBAG is required to comply with FTA requirements and implement a Title VI Program. Federal and state legislation, as well as local preference and practice, are combined to shape the statutory environment that this 2024 Title VI Program must satisfy.

Title VI Associated Regulations

Title VI of the Civil Rights Act of 1964 and Civil Rights Restoration Act of 1987

Title VI of the Civil Rights Act of 1964 prevents government agencies receiving federal funding from discriminating on the basis of race, color, or national origin. The Civil Rights Restoration Act of 1987 extended Title VI's applicability to all programs sponsored by federally- aided agencies, regardless of the program's specific funding sources.

The concept of environmental justice emerged from these two regulations, and is founded on the principles of:

- Mitigating disproportionately high and adverse health or environmental effects on minority or low income populations.
- Ensuring that all affected communities have the ability to participate fully in transportation decision making processes.
- Preventing the denial, reduction, or delay of receiving benefits by minority and low income populations.

Americans with Disabilities Act (ADA) of 1990, the Rehabilitation Act of 1973, & the Age Discrimination Act of 1975

The ADA of 1990 amended Title 42 regarding public health and welfare, to ensure the protection of civil rights regarding discrimination based on disability. The Rehabilitation Act of 1973 prohibits discrimination on the basis of disability for any programs conducted by or receiving federal funding. The Age Discrimination Act of 1975 prohibits discrimination on the basis of age for any program conducted by or receiving federal funding.

Executive Order 12898 - Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (1994)

Executive Order 12898 provides for the intergovernmental review of projects to ensure that federally funded or assisted projects do not inadvertently interfere with state and local plans and priorities. This order also requires every agency to incorporate environmental justice goals as part of its mission by addressing and identifying the disproportionately high and adverse human health or environmental effects of the agency's programs and policies on disadvantaged communities.

Executive Order 13166 - Improving Access to Services for Persons with Limited English Proficiency (2000)

Executive Order 13166 requires agencies to identify and develop services to provide those with LEP access to federally conducted and funded programs.

Executive Order 13175 - Consultation and Coordination with Indian Tribal Governments (2000)

Executive Order 13175 requires agencies to consult and coordinate with local Indian Tribal governments. In the Monterey Bay region, there are no federally recognized tribes, however, staff does notify and consult the local Esselen and Ohlone/Costanoan tribal governments.

FTA Circular 4703.1 – Environmental Justice Policy Guidance for FTA Recipients (2012)

The purpose of this circular is to provide guidance to the recipients of FTA financial assistance in order to incorporate environmental justice principles into plans, projects, and activities that receive funding from FTA. The following guiding environmental justice principles must be considered through “all public outreach and participation efforts conducted by the FTA, its grantees and sub-grantees.”

- To avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low income populations.
- To ensure the full and fair participation by all potentially affected communities in the transportation decision making process.
- To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority and low income populations.

Moving Ahead for Progress in the 21st Century (MAP-21), 2012

In 2012, President Obama signed into law a new two-year transportation authorization, entitled Moving Ahead for Progress in the 21st Century (MAP-21) and was the first long-term highway authorization enacted since 2005. MAP-21 helped create a streamlined, performance-based, and multimodal program to address the challenges facing the U.S.

transportation system. MAP-21 was also created to emphasize the need for more public involvement in regional transportation decision making. This federal law required all MPOs such as AMBAG to:

“...provide citizens, affected public agencies, representatives of public transportation agency employees, freight shippers, providers of freight transportation services, private providers of transportation, representatives of users of public transportation, representatives of users of pedestrian walkways and bicycle transportation facilities, representatives of the disabled, and other interested parties with a reasonable opportunity to comment...”

on all transportation-related projects and plans within the Monterey Bay region. MAP-21 also required AMBAG to coordinate transportation plans with the regional growth forecast, travel demand model and other related planning activities when developing and updating major planning documents such as our Metropolitan Transportation Plan/Sustainable Communities Strategy (MTP/SCS) and Metropolitan Transportation Improvement Program (MTIP) for the region.

Fixing America's Surface Transportation Act (FAST Act), 2015

In 2015, President Obama signed into law a new transportation authorization, entitled Fixing America’s Surface Transportation Act. In accordance with 23 CFR 450.316, an MPO is required to engage in a metropolitan planning process that creates opportunities for public involvement, participation, and consultation throughout the development of the MTP and the MTIP. Under this requirement, MPOs must allow for:

- Adequate public notice of public participation activities.
- Review and comment at key decision points in the development of the MTP and MTIP.
- Multiple, accessible participation formats, including electronic and in-person.

Infrastructure Investment and Jobs Act/Bipartisan Infrastructure Act (IIJA/BIA) of 2021

In 2021, President Biden signed a new infrastructure bill into law. The Bipartisan Infrastructure Investment and Jobs Act will invest \$110 billion of new funds for roads, bridges, and major projects, and reauthorize the surface transportation program for five years building on bipartisan surface transportation reauthorization bills.

Building upon the FAST Act, IIJA/BIA continues public participation and consultation along with adding a new requirement of affordable housing organizations as an interested party. This bill is covered by the Justice40 Initiative, a goal established with the signing of Executive Order 14008 that 40% of the overall benefits of certain federal investments flow to disadvantaged communities that are marginalized, underserved, and overburdened by pollution.

2024 Title VI Program

AMBAG's Title VI Responsibilities

AMBAG's Executive Director is responsible for implementing and ensuring compliance of the agency's Title VI Program. AMBAG staff is responsible for the overall management and day-to-day administration of the Title VI Program. In general, AMBAG's Title VI responsibilities are as follows:

- Process the disposition of Title VI complaints as received by AMBAG.
- Prepare and maintain a description of the MPO's criteria for selecting entities to participate in an FTA grant program.
- Collect statistical data (race, color, or national origin) of participants in and beneficiaries of state highway programs.
- Prepare and maintain a description of how the MPO develops its competitive selection process or annual program of projects submitted to the FTA as part of its grant application and maintain a record of funding requests received from private non-profit organizations, state or local governmental authorities and Native American tribes.
- Conduct annual Title VI reviews of program areas (for example, planning and consultant selection) to determine the effectiveness of program activities at all levels.
- Conduct Title VI reviews of consultants and other recipients of federal-aid highway fund contracts administered through AMBAG.
- Participate in training programs on Title VI and other related statutes for AMBAG employees and recipients of federal highway funds (as needed).
- Develop Title VI information for dissemination to the general public and, where appropriate, in languages other than English.
- Conduct post-grant approval reviews of AMBAG programs and applicants for compliance with Title VI requirements.
- Identify and eliminate discrimination.
- Establish procedures for promptly resolving deficiency status and reducing to writing the remedial action agreed to be necessary, within a period not to exceed 90 days.

According to DOT, each MPO's Title VI Program must include the following document sections.

Transit Related Title VI Investigations, Complaints, and Lawsuits

This is AMBAG's fourth Title VI Program. AMBAG does not currently have any Title VI investigations, complaints, or lawsuits.

Racial Composition of Non-Elected Committees and Councils

Because AMBAG does not have any non-elected committees and councils, the agency is not required to report on the racial composition of its policy bodies.

Nondiscriminatory Distribution of Federal Transit Administration Funds

AMBAG does not have any disparate impacts based on race, color, or national origin within our region as AMBAG distributes the FTA funding we receive evenly into every planning project with no preference to any one project. Disparate impacts can occur because of policies, procedures or practices that have an inadvertent discriminatory effect on protected groups, such as minority and LEP populations.

Title VI Monitoring of Subrecipients and Contractors

AMBAG acknowledges its responsibility for initiating and monitoring Title VI activities, preparing required reports, and other responsibilities as required by Title 23 Code of Federal Regulation (CFR) 200 and Title 49 CFR 21. This includes requiring contractor compliance with Title VI requirements as provided in AMBAG's adopted procurement policies. Although at this time AMBAG does not distribute FTA funds to subrecipients, should AMBAG do so in the future, Title VI language will be included in all written agreements and contracts. Additionally, AMBAG will monitor future subrecipient for Title VI compliance.

Nondiscriminatory Assistance to Subrecipients

Currently AMBAG does not distribute FTA funds to subrecipients.

Title VI Equity Analysis of Constructed Facilities

AMBAG has not constructed a facility; therefore, AMBAG is not required to complete a Title VI Equity Analysis.

Demographic Profile of the Metropolitan Area

AMBAG reviewed 2020 Census data to prepare the demographic profile of the Monterey Bay region in terms of, "race, color, and national origin" as described in Title VI of the Civil Rights Act of 1964. During the 2020 Census, populations in the Monterey

Bay region self-identified their race¹ and whether they are “Hispanic or Latino”² in the following percentages by county (Figures 1 and 2):

Figure 1: AMBAG Region Demographic Profile, Race

Those who self-identified as “White” was the largest group in the tri-county region with 45% of the total population and the second largest being “Some Other Race” with 29% of the total population. When reviewing the data per county, more people self-identified as “White” in Santa Cruz County than the tri-county percentage of 45% and more people in San Benito and Monterey Counties self-identified as “Some Other Race” than the tri-county percentage of 29%.

In 2020, the tri-county percentage of total population for the remaining self-identified races were: 2% “Black or African American,” 2% “American Indian or Alaska Native,” 5% “Asian,” less than 1% “Native Hawaiian and Other Pacific Islander,” and 17% “Two or More Races.”

Accessed on February 20, 2024.

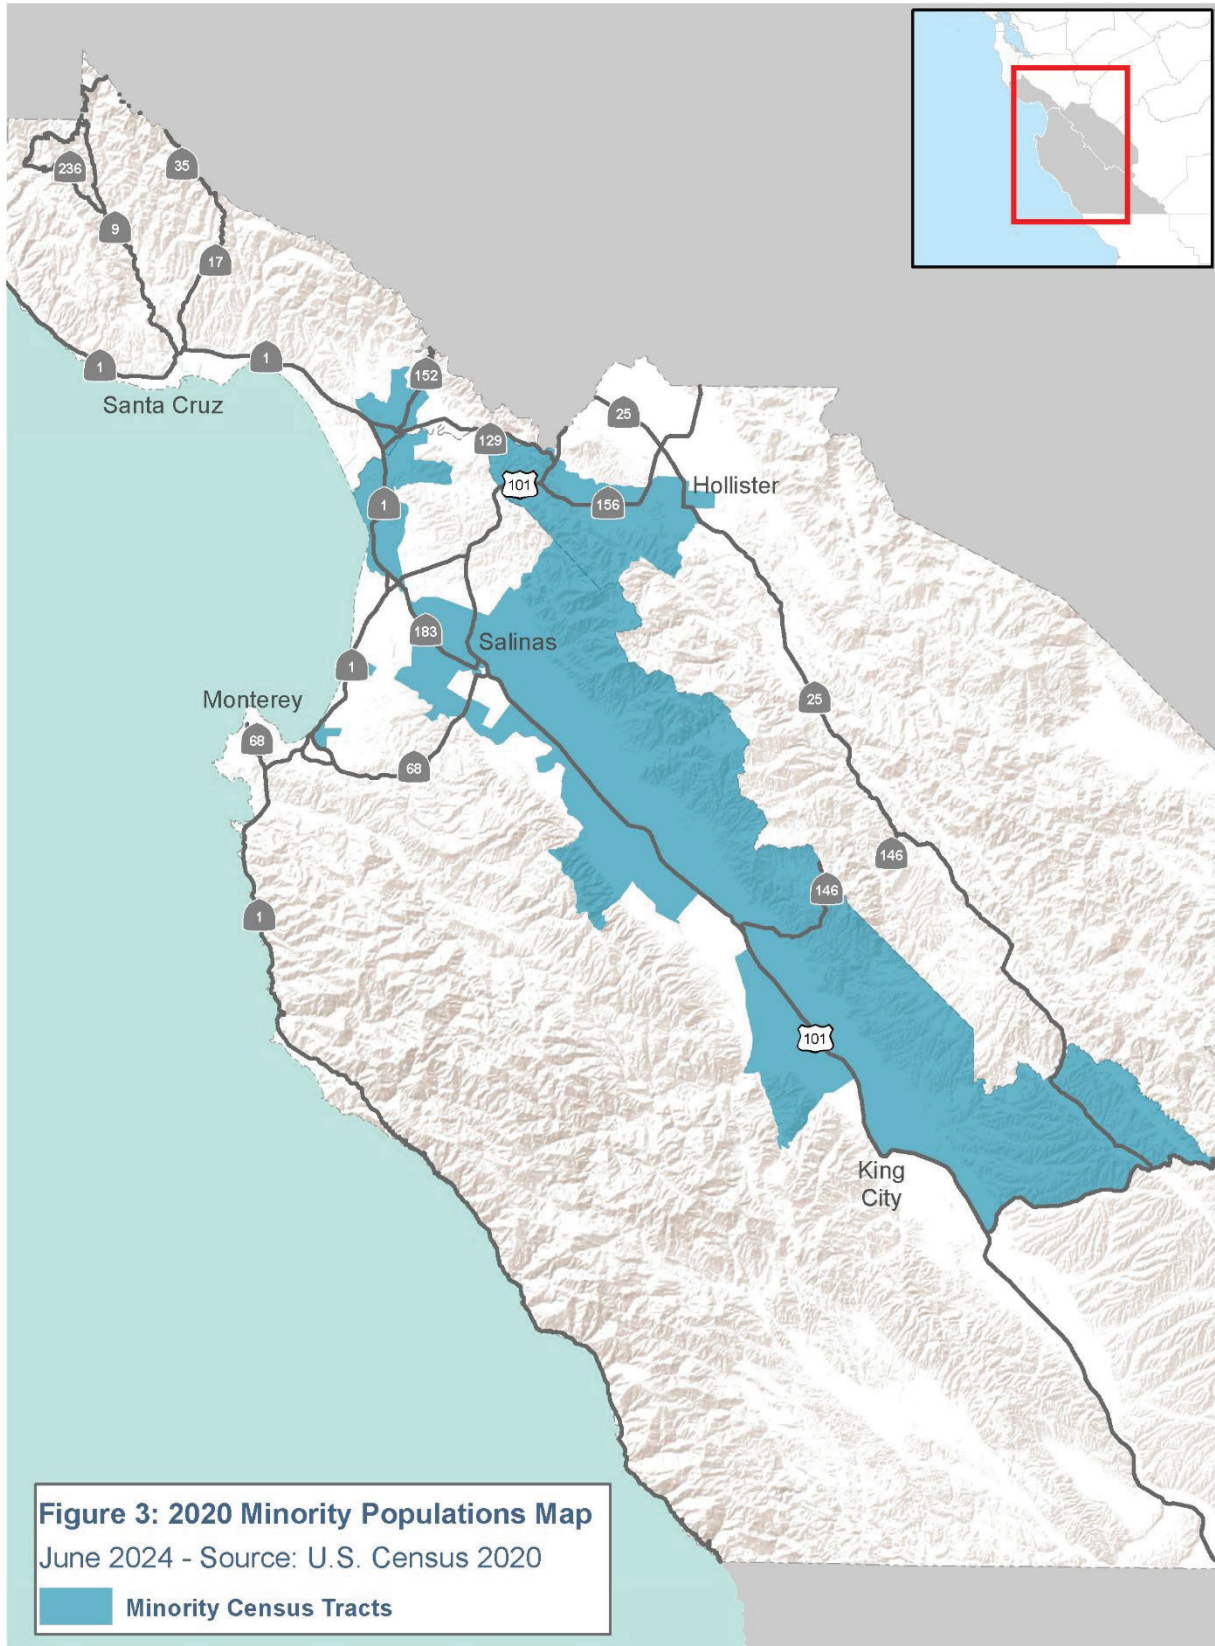

Figure 2: AMBAG Region Demographic Profile, Hispanic or Latino

Those who self-identified as “Hispanic or Latino” was the larger group in the tri-county region with 52% of the total population. When reviewing the data per county, more people self-identified as “Hispanic or Latino” in San Benito and Monterey Counties than the tri-county percentage of 52%, whereas fewer did in Santa Cruz County.

To analyze the spatial distribution of those who self-identified as a minority in the 2020 Census, AMBAG prepared the following map (Figure 3). For this purpose, AMBAG’s definition of a minority individual was any non-White and/or Hispanic person as self-identified during the 2020 Census. Conversely, a non-minority individual was any White and non-Hispanic person. For this analysis, a tract was considered predominantly minority if greater than 65% of the total population was non-White and/or Hispanic. This is the same definition used in AMBAG’s adopted 2045 MTP/SCS.

Figure 3: Minority Census Tracts in the Monterey Bay Region

Identification of Mobility Needs of Minority Populations

As described in the adopted *2023 Public Participation Plan (PPP)*, AMBAG and its partner agencies seek the participation of a diverse set of communities with an interest in regional planning efforts, including low income households, minority populations, LEP populations, persons with disabilities, representatives from community and service organizations, tribal organizations, and other public agencies. The policies and procedures in the *2023 PPP* were formed with the intent of using effective, achievable, culturally sensitive (with special attention to minority populations) public outreach methods to increase public participation, and to create and maintain a regional transportation network that prioritizes equitable decision-making and transparency.

Each transportation plan, study, program, or project prepared or developed by AMBAG must have its own specified public participation process that defines the avenues for reasonable involvement in the transportation planning process. These procedures and strategies also provide guidance for realizing the desired outcome of a robust and informed level of broad-based public involvement (with special attention to minority populations) in the development and implementation of plans, programs, and projects in the Monterey Bay region.

AMBAG's largest transportation planning effort is for the development of the MTP/SCS for the Monterey Bay region every four years. In preparation for an upcoming MTP/SCS development cycle, AMBAG develops a comprehensive Public Involvement Plan (PIP). The purpose of the PIP is two-fold: (1) to support the development of the MTP/SCS by providing every available opportunity for the general public, partner agencies, and stakeholders to provide feedback; and (2) to further improve transportation decision making in the region by reaching out to underserved minority communities within the Monterey Bay region more effectively. The PIP is structured to enable all participants the ability to express their genuine regional values and interests in the shaping and implementation of regional policies and decisions regarding the transportation system.

Language Assistance Plan

AMBAG is required to prepare a plan for providing language assistance for persons with Limited English Proficiency based on DOT LEP guidance. This Language Assistance Plan (LAP) prepared with the required Four Factor Analysis can be found in Appendix A of this document.

Title VI Notices to the Public, Complaint Procedures, and Forms

AMBAG's Title VI Notices to the Public, Complaint Procedures, and Forms in the required Department of Justice's (DOJ) Safe Harbor Provision languages can be found in Appendices B, C, and D, respectively. They can also be found on our website www.ambag.org or at our front office at: 24580 Silver Cloud Court, Monterey, CA 93940.

Members of the public that feel discriminated against by AMBAG in any way are encouraged to exercise their right to file a complaint by following the complaint procedure described in Appendix C using the form included in Appendix D.

Public Participation Plan

AMBAG's 2023 PPP was adopted by the Board of Directors in November 2023 and was prepared in coordination and consultation with our partner agencies: TAMC, SCCRTC, SBtCOG, MST, SC METRO, and San Benito County Express. The federally required 2023 PPP is a comprehensive document that guides regional planning agencies and local jurisdictions that either receive federal funds or are subject to a federally required action in the public participation process in the Monterey Bay region.

AMBAG's 2023 PPP can be found on our website at <https://ambag.org/plans/public-participation-plan>.

Summary of Public Outreach

AMBAG and its partner agencies perform a broad range of public participation and stakeholder engagement activities, such as:

- Conducting public meetings.
- Establishing standing and ad hoc committees.
- Partnering on studies and projects.
- Preparing surveys, news releases, social media posts, and eNews.
- Providing educational and informational programs in accordance with statutory and regulatory directives.

As previously mentioned, when beginning each transportation plan, study, program, or project prepared or developed by AMBAG, a project-specific public participation process must be established defining the avenues for reasonable public involvement in the associated transportation planning process. These procedures and strategies also provide guidance for realizing the desired outcome of a robust and informed level of broad-based public involvement (with special attention to minority populations) in the development and implementation of plans, programs and projects in the Monterey Bay region.

The following public participation activities must be included in every AMBAG transportation plan, transportation improvement program and Environmental Impact Reports/Study:

- Define purpose and identify stakeholders.
- Consultation and coordination with other agencies.
- Consultation with interested parties (policy bodies and advisory committees).
- Public notice, public hearings, comment periods (utilizing the Brown Act).
- Use of media and informational materials and visualization techniques.

- Encourage bilingual (English/Spanish) participation.
- Respond to public comments/input.
- Web posting/distribution of draft and final documents.

Outreach Plan to Engage Minority and LEP Populations

With special attention to minority and LEP populations, it is imperative to ensure that all members of the public can participate in AMBAG's community outreach as described in the *2023 PPP*. Specific to minority and LEP populations, AMBAG's public engagement must be culturally sensitive and multilingual.

To help determine which languages AMBAG is required to provide written translation of vital documents, DOT has adopted the DOJ's Safe Harbor Provision which stipulates eligible LEP language groups constitute 5% or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered by AMBAG. This LEP language analysis is included in the LAP in Appendix A with AMBAG's translated vital documents, the Title VI Notices to the Public, Complaint Procedures, and Forms, found in Appendices B, C, and D, respectively, in the required languages. Per the Safe Harbor Provision, translation of non-vital documents, if needed, can be provided orally.

The Safe Harbor Provision applies to the translation of written documents only and does not affect the requirement to provide meaningful access to LEP individuals through competent oral interpreters where oral language services are needed and are reasonable. As such, the Monterey Bay region is home to a large Spanish-speaking population. AMBAG and its partner agencies employ several bilingual (English/Spanish), culturally sensitive outreach methods to include participation of the Spanish-speaking community. These methods include:

- Publishing printed information regarding services, projects, programs, and meetings in Spanish.
- Spanish language media in the distribution of news releases.
- Advertising public hearings, meetings, projects and programs in the Spanish language print, radio, and television media.
- Providing simultaneous Spanish language interpretation services at meetings.
- Conducting meetings in Spanish in communities where Spanish is the dominant language with English translation and encourage Board member attendance.
- Producing Spanish language website content, videos, and physical publications, such as flyers.
- Providing language identification flashcards at public meetings.
- Ensure that transit contractors recruit bilingual (English/Spanish) personnel.
- Providing bilingual (English/Spanish) staff when tabling at community events and at pop-up public locations to solicit project feedback or disseminate program information.

Additionally, AMBAG can provide materials and special accommodations for other LEP languages in the Monterey Bay region, with notice.

Distribution of State and Federal Funding

When preparing AMBAG's 2045 MTP/SCS, AMBAG projected the benefits and outcomes to result from the implementation of the MTP/SCS with respect to the adopted regional performance measures. These performance measures included mobility, economic activity, air quality, healthy communities, safety, and social equity, but also specifically the distribution of investments that benefit minority populations. AMBAG has a responsibility to listen to the communities we serve, prioritize equitable solutions in the transportation system, and analyze the burdens and benefits of this system for historically underserved communities, including communities of color.

For the 2045 MTP/SCS analysis, performance measures were forecasted using both the AMBAG Regional Travel Demand Model (RTDM) and Geographic Information Systems (GIS). In the discussion of performance and outcomes, three scenarios were referenced: Existing, No Build, and Plan. The 2015 Existing represented existing conditions and included only existing transit service and the existing transportation network in 2015. The 2045 No Build assumed current land use trends and represented a future in which only committed programs and projects are implemented. Committed programs and projects are those which were programmed in the 2020 MTIP that have received environmental clearance. The Plan referred to future conditions in which the 2045 MTP/SCS land use patterns and transportation investments were realized.

The social equity performance measures compared low income and minority populations against non-low income and minority populations to ensure that there was an equitable distribution of benefits and not a disproportionate share of burdens. Investments were calculated using total investment of all modelable projects within 1/2 mile of U.S. Census Bureau defined tracts. A minority area was any Census tract in which 65% or more of the total population residing in an area are non-White. Non-minority areas were any Census tract in which less than 65% of the total population residing in an area were non-White. The chart below (Figure 4) displays the distribution of state and federal funds as identified as modelable projects in the 2045 MTP/SCS.

Figure 4: Distribution of State and Federal Funding as Modelable Projects in the 2045 MTP/SCS

During the analysis of the 2045 MTP/SCS, it was shown that if implemented the Plan would result in higher investments for minority populations (89.6% of the total funding of modelable projects) as compared to non-minority populations (87.2%).

Transportation System Investment Disparate Impact Analysis

As supported by the 2045 MTP/SCS performance analysis described above, the transportation investments planned for the Monterey Bay region will not result in disparate impacts, but instead in a regional transportation system that is a more inclusive and equitable.

Board Approval Resolution

AMBAG is required to provide a copy of a board resolution, meeting minutes, or similar documentation with this Title VI Program as evidence that the Board of Directors or appropriate governing entity or official(s) has approved the Title VI Program. This can be found in Appendix F of this document.

Appendices

A. 2024 Language Assistance Plan

Overview

Consistent with Title VI of the Civil Rights Act of 1964, DOT's implementing regulations, and Executive Order 13166, "Improving Access to Services for Persons with Limited English Proficiency" (2000), AMBAG must take reasonable steps to ensure meaningful access to benefits, services, information, and other important portions of the agency's programs and activities for individuals who are Limited English Proficient (LEP). LEP persons are those who self-identify as speaking English "Less Than Very Well," "Not Well," or "Not at All" to the U.S. Census. To ensure meaningful access to the agency's programs and activities, AMBAG must use information obtained in the Four Factor Analysis to determine the specific language services that are appropriate to provide. The Four Factor Analysis includes:

1. The Number or Proportion of LEP Persons Eligible to Be Served or Likely to Be Encountered by the Program or Recipient.
2. The Frequency with Which LEP Persons Come into Contact with the Program.
3. The Nature and Importance of the Program, Activity, or Service Provided by the Program to People's Lives.
4. The Resources Available to the Recipient for LEP Outreach, as well as the Costs Associated with That Outreach.

With this analysis AMBAG can determine if it communicates effectively with LEP persons and prepare a Language Assistance Plan (LAP), this Appendix A. The LAP is prepared in conjunction with the Title VI Program and provides a summary of outreach efforts to accommodate the LEP populations AMBAG serves.

Language Demographics for the Monterey Bay Region

To begin the Four Factor Analysis, AMBAG reviewed 2022 American Community Survey 5-Year Estimates data³ to determine the number of LEP households in the Monterey Bay region, found in Table 1 below.

In 2022, 8% of households self-identified as being LEP in the Monterey Bay region. In ranking the percentages from highest to lowest, Monterey County had 11% of households self-identifying as LEP, San Benito County 8%, and Santa Cruz County 5%. To further analyze the spatial distribution of the households that self-identified as LEP in the 2022 American Community Survey, AMBAG prepared the following map (Figure 5).

Figure 5: Percentage of LEP Households by Jurisdiction in the Monterey Bay Region)

In 2022, in Monterey County the cities with the highest percentages of self-identified LEP household were: Gonzales 14%, Greenfield 21%, King City 24%, Marina 8%, Salinas 15%, Seaside 9%, and Soledad 15%. In San Benito County, 9% of households in Hollister self-identified as LEP. And in Santa Cruz County, 17% of households in Watsonville self-identified as LEP.

In addition to determining where the LEP households are located, identifying the languages spoken in those households is essential for community engagement. To begin this process, AMBAG reviewed 2022 American Community Survey 5-Year Estimates data⁴ on the languages self-identified by LEP households in the Monterey Bay region, found in Table 2 below.

In 2022, Spanish was the most predominate language (79%) spoken in LEP households in the Monterey Bay region. Because the language categories of “Other Indo-European Languages,” “Asian and Pacific Island Languages,” and “Other Languages” found in the American Community Survey data are broad, further demographic analysis was completed as later described in this LAP to determine which other languages are spoken in the Monterey Bay region.

Four Factor Analysis

Per DOT requirements, AMBAG completed the following the Four Factors Analysis:

1. The Number or Proportion of LEP Persons Eligible to Be Served or Likely to Be Encountered by the Program or Recipient

Given that AMBAG’s regional transportation planning will likely impact everyone on the Monterey Bay region, 2022 American Community Survey 5-Year Estimates data was used to determine the number of LEP households eligible to be served or likely to be encountered by AMBAG. As previously reported in “Table 1: 2022 Total Number and Percentage of LEP Households by Jurisdiction,” 8% of households self-identified as being LEP in the Monterey Bay region in 2022.

2. The Frequency with Which LEP Persons Come into Contact with the Program

In day-to-day operations, AMBAG staff does not regularly interact with LEP persons. When working on major plans or projects such as the MTP/SCS, AMBAG ensures to conduct bilingual (English/Spanish) public outreach in the predominately Spanish-speaking communities such as Hollister, Watsonville, Salinas, and South Monterey County. With notice, AMBAG can also provide translation and interpretation services for languages other than Spanish at these events. As an example, historically there have been requests for Triqui language assistance at South Monterey County workshops where AMBAG provides accommodations. Staff training will be provided should communicating with LEP populations become more frequent and consistent in the future.

3. The Nature and Importance of the Program, Activity, or Service Provided by the Program to People’s Lives

Rather than being a direct provider of services, AMBAG serves as the regional forum for the study and discussion of regionally significant issues, including housing, transportation, energy, and environmental quality. AMBAG’s programs, activities, and services are long-term in nature, such as the preparation of our 20-year horizon plan MTP/SCS. All outreach and summary documents for AMBAG’s efforts are offered to the public in both English and Spanish, with other languages upon request. AMBAG strives to ensure that all segments of the population, with special consideration for LEP persons, can participate in an inclusive transportation planning process as described in our *2023 PPP*.

4. The Resources Available to the Recipient for LEP Outreach, as well as the Costs Associated with That Outreach

AMBAG will continue to provide translation and interpretation services to encourage LEP populations to participate in the development of AMBAG's major planning programs and projects. As previously stated, because the Monterey Bay region is home to a large Spanish-speaking population AMBAG and its partner agencies employ several bilingual (English/Spanish), culturally sensitive outreach methods to include participation of the Spanish-speaking community. These methods include:

- Publishing printed information regarding services, projects, programs, and meetings in Spanish.
- Spanish language media in the distribution of news releases.
- Advertising public hearings, meetings, projects and programs in the Spanish language print, radio, and television media.
- Providing simultaneous Spanish language interpretation services at meetings.
- Conducting meetings in Spanish in communities where Spanish is the dominant language with English translation and encourage Board member attendance.
- Producing Spanish language website content, videos, and physical publications, such as flyers.
- Providing language identification flashcards at public meetings.
- Ensure that transit contractors recruit bilingual (English/Spanish) personnel.
- Providing bilingual (English/Spanish) staff when tabling at community events and at pop-up public locations to solicit project feedback or disseminate program information.

Additionally, AMBAG can provide materials and special accommodations for other LEP languages in the Monterey Bay region, with notice.

AMBAG identifies funding for LEP outreach in the agency's Overall Work Program (OWP). In AMBAG's current FY 2023-24 OWP & Budget, "Work Element 113: Public Participation Plan" specifically includes the tasks and costs to update this Title VI Program and maintain the *2023 PPP*. More information about AMBAG OWP & Budget can be found on our website at www.ambag.org.

Language Assistance Services

After reviewing the 2022 American Community Survey 5-Year Estimates data summarized in "Table 2: 2022 LEP Households by Language by Jurisdiction" and completing the Four Factor Analysis, AMBAG understands its duty to offer language accommodations to LEP populations in the Monterey Bay region. To determine the most effective public outreach strategies as well as the required Safe Harbor Provision languages for vital documents, further demographic research was required. Outside of Spanish, the language categories in "Table 2: 2022 LEP Households by Language by Jurisdiction" are too broad to determine which languages meet the Safe Harbor Provision threshold of 5% or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered by AMBAG.

Safe Harbor Provision

AMBAG’s demographer, Public Reference Bureau (PRB), prepared Table 3 (below) using American Community Survey’s 2018-2022 public use microdata⁵ to determine which languages meet the DOJ Safe Harbor Provision threshold. Due to how Census data is now publicly reported compared to years past, information is no longer available at a county or jurisdictional level to protect the identity of LEP community members. Given AMBAG’s regional nature, the data in Table 3 is for the Monterey Bay region will work for this analysis.

Table 3: 2022 LEP Population for the Monterey Bay Region by Language Spoken at Home

Language	Population	Percent of Population
Spanish	131,923	17.1%
Filipino/Tagalog	2,897	0.4%
Chinese (including Mandarin and Cantonese)	1,767	0.2%
Korean	1,007	0.1%
Other Central and South American languages	1,005	0.1%

German	211	0.0%
Gujarati	209	0.0%
Total LEP (including languages not listed above)	146,272	
Total Population	771,616	

One LEP language, Spanish (131,923 speakers), meets the 5% threshold in the Monterey Bay region. Three languages, Tagalog (2,897 speakers), Chinese (1,767 speakers), and Korean (1,007 speakers), meet the 1,000 persons threshold in the Monterey Bay region. Given that the broad language category of “Other Central and South American languages” meets the 1,000 persons threshold with 1,005 speakers, PRB consulted an alternative demographic resource to determine if there is another language with at least 1,000 speakers captured in this data.

⁵ Source: Analysis by PRB of data from the U.S. Census Bureau, American Community Survey, Public Use Microdata (2018-2022).

Note: Data in this table is drawn from ACS Public Use Microdata Sample, and due to sampling and weighting may not exactly match published tables.

The California Department of Education tracks the languages spoken at home of their English Learner students by county and was reviewed for the latest available school year, 2022-23.⁶ The second most frequently identified language spoken at home for English Learner students for the Monterey Bay region after Spanish was Mixteco with 1,116 students. Mixteco is a language spoken in Mexico and is closely related to Triqui. Given the number of English Learner students who speak Mixteco at home and the Census data in the “Table 3: 2022 LEP Population for the Monterey Bay Region by Language Spoken at Home,” AMBAG has identified Mixteco as a Safe Harbor Provision language.

With this information, AMBAG is required to offer written vital documents, such as the Title VI Notices to the Public, Complaint Procedures, and Forms, found in Appendices B, C, and D, respectively, in five languages: Spanish, Tagalog, Chinese, Korean, and Mixteco. It should be noted that the Safe Harbor Provision applies to the translation of written documents only and does not affect the requirement to provide meaningful access to LEP individuals through competent oral interpreters where oral language services are needed and are reasonable.

Notice of Language Assistance Availability

AMBAG’s Title VI Notices to the Public, Complaint Procedures, and Forms in the required DOJ Safe Harbor Provision languages can be found in Appendices B, C, and D, respectively. They can also be found on our website www.ambag.org or at our front office at: 24580 Silver Cloud Court, Monterey, CA 93940.

Members of the public that feel discriminated against by AMBAG in any way are encouraged to exercise their right to file a complaint by following the complaint procedure described in Appendix C using the form included in Appendix D.

As detailed in the *2023 PPP*, AMBAG actively engages with traditionally underserved and underrepresented communities, including minority and LEP populations, within the Monterey Bay region in all major transportation planning and investment decisions. Because the Monterey Bay region is home to a large Spanish-speaking population, AMBAG and its partner agencies employ several bilingual (English/Spanish), culturally sensitive outreach methods to encourage participation of the Spanish-speaking community. AMBAG can provide materials and special accommodations for other LEP languages in the Monterey Bay region, with notice. Given AMBAG staff does not regularly interact with LEP persons in day-to-day operations, training will be provided should communicating with LEP populations become more frequent and consistent in the future.

Monitoring, Evaluating, and Updating the Language Assistance Plan

AMBAG will update this LAP every three years in conjunction with its Title VI Program. During the 2024 Title VI Program timeframe (2024-2027), AMBAG will use the demographic information in this document and monitor the goals and strategies throughout every public participation and outreach effort. This monitoring will be used to determine what can be improved during the next Title VI Program and LAP update.

Mga Pamamaraan Ng Reklamo

Sinumang taong nag-aakalang siya, bilang indibiduwal o bilang miyembro ng alinmang grupo ng mga tao, nang dahil sa lahi, kulay o bansang pinagmulan ay naipuwera sa o pinagkaitan ng mga benepisyo ng, o dumanas ng diskriminasyon sa ilalim ng alinmang programa o aktibidad na tumatanggap ng tulong pinansiyal mula sa pederal na pamahalaan sa pamamagitan ng AMBAG ay maaaring maghain ng nakasulat na reklamo sa Tagapag-ugnay ng Titulo VI sa AMBAG. Ang ganoong reklamo ay dapat maihain sa loob ng 60 araw ng kalendaryo pagkalipas ng petsa na, ayon sa paniniwala ng naturang tao, naganap ang diskriminasyon.

Pagkatanggap sa reklamo, rerepasuhin, iimbestigahan, at pag-aaralan ng Tagapag-ugnay ng Titulo VI ang reklamo, nang kinukonsulta ang Ehekutibong Direktor. Kukumpletuhin ng Tagapag-ugnay ng Titulo VI ang pagrerepaso nang hindi lalampas sa 45 araw ng kalendaryo pagkalipas ng petsa na natanggap ng AMBAG ang reklamo. Kung kailangan ng mas mahabang panahon, aabisuhan ng Tagapag-ugnay ng Titulo VI ang nagrereklamo tungkol sa tinatantiyang panahon na makukumpleto ang pagrerepaso. Pagkakumpleto sa pagrerepaso, gagawa ang Tagapag-ugnay ng Titulo VI ng rekomendasyon hinggil sa merito ng reklamo at kung may magagamit na mga pangremedyong hakbang upang magbigay ng pagtutuwid. Dagdag pa, maaaring magrekomenda ang Tagapag-ugnay ng Titulo VI ng mga pagpapabuti sa mga proseso ng AMBAG na may kinalaman sa Titulo VI at katarungang pangkapaligiran, ayon sa naaangkop. Ipapadala ng Tagapag-ugnay ng Titulo VI ang kanilang mga rekomendasyon sa Ehekutibong Direktor para sa pagsang-ayon. Kung sumasang-ayon ang Ehekutibong Direktor, ibibigay niya ang nakasulat na tugon ng AMBAG sa nagrereklamo.

Kung hindi sumasang-ayon sa tugon ang nagrereklamo, maaari siyang humingi ng muling pagsasaalang-alang sa pamamagitan ng pagsusumite ng nakasulat na kahilingan sa Ehekutibong Direktor sa loob ng 10 araw ng kalendaryo pagkatanggap dito. Dapat may sapat na detalye ang kahilingan para sa muling pagsasaalang-alang na naglalaman ng anumang mga bagay na sa tingin ng nagrereklamo ay hindi ganap na naintindihan ng Tagapag-ugnay ng Titulo VI sa AMBAG. Aabisuhan ng Ehekutibong

Direktor ang nagrereklamo tungkol sa kanyang desisyon na tanggapin o tanggihan ang kahilingan para sa pagsasaalang-alang sa loob ng 10 araw ng kalendaryo. Sa mga kasong sumasang-ayon ang Ehekutibong Direktor na isaalang- alang muli ang kaso, ibabalik ang usapin sa Tagapag-ugnay ng Titulo VI upang muli nitong pag- aralan alinsunod sa Talata 2, sa itaas.

Kung tatanggihan ang kahilingan para sa muling pagsasaalang-alang, maaaring iapela ng nagrereklamo ang tugon ng Ehekutibong Direktor sa reklamo sa pamamagitan ng pagsusumite ng nakasulat na apela sa Lupon ng Patakaran ng AMBAG nang hindi lalampas sa 10 araw ng kalendaryo pagkatanggap sa nakasulat na desisyon ng Ehekutibong Direktor na tumatanggi sa muling pagsasaalang-alang.

Kung hindi kuntento ang nagrereklamo sa resolusyon ng Lupon ng Patakaran ng AMBAG sa reklamo, maaari din siyang magsumite ng reklamo sa Pederal na Pangasiwaan ng Pagbibiyahe:

Demographic maps that overlay the percent minority and non-minority populations as identified in Census or ACS data, at Census tract or block group level, and charts that analyze the impacts of the distribution of State and Federal funds in the aggregate for public transportation purposes, including Federal funds managed by the MPO as a designated recipient |
| <input type="checkbox"/> | <input checked="" type="checkbox"/> | 15 | 13. An analysis of impacts identified in the paragraph above that identifies any disparate impacts based on race, color, or national origin, and, if so, determines whether there is a substantial legitimate justification for the policy that resulted in the disparate impacts, and if there are alternatives that could be employed that would have a less discriminatory impact. |

Planning Certification Review

All MPOs are required to self-certify compliance with all applicable federal requirements. Planning certification reviews conducted jointly by the Federal Transit Administration (FTA) and Federal Highway Administration (FHWA) of the metropolitan transportation planning processes of transportation management areas include a review of Title VI compliance.

By checking the following boxes, the MPO certifies that the below items are achieved for Planning certification reviews by FTA and FHWA.

Check

- a. Analyze regional demographic data to identify minority populations within the region.
- b. Where necessary, provide member agencies with regional data to assist them in identifying minority populations in their service area.
- c. Ensure that members of minority communities are provided with full opportunities to engage in the transportation planning process. This includes actions to eliminate language, mobility, temporal, and other obstacles to fully allow these populations to participate.
- d. Monitored the activities of sub-recipients about Title VI compliance, where the MPOs pass funds through to subrecipients.

Requirements for Program Administration

To comply with 49 CFR Section 21.5, the general nondiscrimination provision, MPOs shall document that they pass through FTA funds under any FTA programs to subrecipients without regard to race, color, or national origin and assure that minority populations are not being denied the benefits of or excluded from participating in these programs. MPOs shall prepare and maintain, but not report, unless requested by FTA, the following information:

Check

- a. A record of funding requests received from private non-profit organizations, State or local governmental authorities, and Indian tribes. The record shall identify applicants who would use grant program funds to assist predominantly minority populations. The record shall also indicate which applications were rejected and accepted for funding.
- b. A description of how the MPO develops its competitive selection process or annual program of projects submitted to FTA as part of its grant applications. This description shall emphasize the method used to ensure the equitable distribution of funds to subrecipients that serve predominantly minority populations, including Native American tribes, where present. Equitable distribution can be achieved by engaging in outreach to diverse stakeholders regarding the availability of funds and ensuring the competitive process is not a barrier to a selection of minority applicants.
- c. A description of the MPO's criteria for selecting entities to participate in an FTA grant program.

I have reviewed the above information and certify that it is correct and complete.
