

**Monterey Bay Area Regional Climate Project Working Group (RCPWG)
Management Consultant Request for Proposals: Questions and Responses**

July 3, 2026

- 1. Can you please confirm the intended term for the contract for RCPWG's Management Consultant? In the Term clause of the draft contract, it says all tasks should be completed on or before June 30, 2027. Given the interview and notification schedule, that would make the term around 11 months. Is this correct?**

Response: Please see addendum 1 to this RFP. The project term is until June 30, 2028.

- 2. For the DBE requirement, must businesses have a state or federal certification to qualify/is one specific certification required? For example, if a fiscally sponsored organization is women and minority owned, but do not have a certification, would they meet this requirement?**

Response: Please see addendum 1 to this RFP.

- 3. Regarding the Monterey Bay Area RCPWG Management Consultant RFP, can you kindly confirm the project term?**

Response: The Project term is until June 30, 2028.
