

Monterey Bay Region Overall Work Program (OWP) & Budget Amendment 2 FY 2025-2026

Prepared by: Association of Monterey Bay Area Governments (AMBAG)
in collaboration with

Santa Cruz County Regional Transportation Commission
Transportation Agency for Monterey County
Council of San Benito County Governments
Monterey-Salinas Transit
Santa Cruz Metropolitan Transit District
California Department of Transportation
Monterey Bay Air Resources District

Planned Adoption Date: May 13, 2026

This page is intentionally blank

PREFACE

The Infrastructure Investment and Jobs Act (IIJA) calls for the development of the Overall Work Program (OWP) by the federally designated Metropolitan Planning Organization (MPO).

The Association of Monterey Bay Area Governments (AMBAG), as the designated MPO, annually develops and maintains the OWP. The OWP includes federal, state, regional and local funded planning as well as transportation/air quality planning activities proposed by AMBAG for the tri-county (Monterey, San Benito, and Santa Cruz) Monterey Bay Region in Fiscal Year 2025-2026.

The FY 2025-2026 Overall Work Program (OWP) for the Monterey Bay Region was prepared by AMBAG, in consultation and coordination with Caltrans, Monterey, San Benito and Santa Cruz County Regional Transportation Planning Agencies, Monterey-Salinas Transit, Santa Cruz Metropolitan Transit District, and the Monterey Bay Air Resources District. This OWP contains work elements for the continuation of the planning process/activities pursuant to State and Federal transportation and air quality regulations, and includes some special/grant funded one-time, projects/studies.

PROSPECTUS

An updated prospectus is included in this FY 2025-2026 OWP.

CERTIFICATION

The transportation planning certification procedure statement is included in the OWP adoption resolution. When the AMBAG Board of Directors adopts the resolution for the FY 2025-2026 Overall Work Program and Budget, it will include this certification of the metropolitan planning process. A separate sign-off statement between AMBAG and Caltrans, covering the Monterey Bay Region, is forwarded with the official OWP transmittal letter.

PRODUCTS

Products are listed under each work element enumerated in detail in Part II of this document. The actual project reports and relevant project products/fact sheets are posted on the agencies' websites. Monthly/Quarterly/Annual progress reports are provided electronically to Caltrans District 5. Digital copies of the respective products are forwarded to Caltrans as well as the appropriate agencies/departments upon completion of the project.

ABBREVIATIONS

Several acronyms, abbreviations and terms are included in the OWP. The following lists should assist the reader in reviewing the document.

AMBAG: Association of Monterey Bay Area Governments
Caltrans 5: California State Department of Transportation - District 5 office (San Luis Obispo)
CCA: Continuing Cooperative Agreement
FAST Act: Fixing America's Surface Transportation Act (Federal Transportation Authorization
FFY: Federal Fiscal Year
FY: State Fiscal Year
FHWA: Federal Highway Administration
FTA: Federal Transit Administration
IIJA: The Infrastructure Investment and Jobs Act
MBARD: Monterey Bay Air Resources District
3CE: Central Coast Community Energy (3CE)
MST: Monterey-Salinas Transit
MPO: Metropolitan Planning Organization
OWP: Overall Work Program
REAP: Regional Early Action Planning Grants
RTPA: Regional Transportation Planning Agency (e.g. SCCRTC, TAMC and SBtCOG)
SBtCOG: Council of San Benito County Governments
SCCRTC: Santa Cruz County Regional Transportation Commission
SCMTD: Santa Cruz Metropolitan Transit District
TAMC: Transportation Agency for Monterey County

FUNDING

REAP 2.0: Regional Early Action Planning Grants of 2021 as adopted by California budget (AB 140, July 2021)
FHWA PL: Federal metropolitan transportation planning funds allocated to AMBAG by FHWA through Caltrans
FHWA SPR Part I: Federal planning grant to AMBAG by FHWA through Caltrans
FTA Section 5303: Federal metropolitan transit planning funds allocated to AMBAG by FTA through Caltrans
FTA Section 5304: Federal metropolitan transit planning funds awarded to AMBAG by Caltrans under competitive planning grant program
WE 334: Rural Regional Energy Network (RuralREN)- County of San Luis Obispo approved by CPUC under contract to AMBAG
SB 1: Senate Bill 1 Road Repair and Accountability Act
SHA - Climate Adaptation Planning Grant
DOE: Department of Energy Electric Vehicle Ride and Drive Grant

TABLE OF CONTENTS

PART I: PROSPECTUS: PAGE 1

PART II: OVERALL WORK PROGRAM ELEMENTS: PAGE 15

Program Category 100: Program Development, Services and Coordination

- Work Element 101: Overall Work Program, Budget and Administration
- Work Element 112: Transportation Plans Coordination and Interagency Liaison
- Work Element 113: Public Participation Plan
- Work Element 122: Water-Related Plans Coordination and Interagency Liaison (Non-Federal)
- Work Element 125: Regional Official Training and Certification Project

Program Category 200: Information Systems Support and Integration

- Work Element 231: GIS Analysis, Data Collection, Uniformity, Coordination and Access
- Work Element 251: Regional Travel Demand Model (RTDM)

Program Category 300: Comprehensive Planning

- Work Element 334: Rural Regional Energy Network (RuralREN) (Non-Federal)
- Work Element 335: Monterey Bay Electric Vehicle Climate Adaptation and Resiliency Framework (Non-Federal)
- Work Element 336: Pajaro Bridge Infrastructure Resilient Design Study (Pajaro BIRDS) (Non-Federal)
- Work Element 338: Department of Energy Monterey Bay Electric Vehicle Climate Adaptation and Resiliency Framework Phase 2
- Work Element 345: Regional Early Action Planning Housing Program 2.0 – AMBAG (Non-Federal)
- Work Element 346: Regional Early Action Planning Housing Program 2.0 – Administration (Non-Federal)
- Work Element 347: Regional Early Action Planning Housing Program 2.0 - Regional Competitive Grant Program (Non-Federal)
- Work Element 348: Regional Early Action Planning Housing Program 2.0 - Local Suballocation Grant Program (Non-Federal)

Program Category 400: Regional Environmental Planning

- Work Element 411: Clearinghouse

Program Category 500: Regional Analysis Planning Services, Inc. (RAPS)

- Work Element 502: RAPS Administration (Non-Federal)
- Work Element 511: RAPS Technical Assistance (Non-Federal)
- Work Element 530: Pajaro River Watershed Flood Prevention Authority Administration (Non-Federal)

Program Category 600: Transportation and Air Quality

- Work Element 610: Transportation Performance Management (TPM)
- Work Element 616: Sustainable Communities Planning (FY 2025-2026)
- Work Element 622: Metropolitan Transportation Planning
- Work Element 629: Complete Streets Planning (CS)
- Work Element 641: Metropolitan Transportation Improvement Program (MTIP)
- Work Element 680: Rail Planning/Corridor Studies

Financial Summary Tables Program Category 100-600

- Summary Table A: Sources of Funds by Work Element
- Summary Table B: Estimated Expenditures by Work Element
- Summary Table C: FTA Funds by Work Element
- Summary Table D: FHWA Funds by Work Element
- Summary Table E: Federal Sources of Funds by Work Element
- Summary Table F: State and Local Sources of Funds by Work Element

Appendix A: Caltrans Planning Activities (Informational)

Appendix B: Map of the AMBAG Region

Appendix C: AMBAG Organizational Chart

Appendix D: SB 1 Formula MPO Project List

Appendix E: Informational Work Elements

Appendix F: List of Tribal Governments

PART III: BUDGET: PAGE 125

PART I: PROSPECTUS

This page is intentionally blank

PROSPECTUS

I. OVERVIEW OF THE COMPREHENSIVE TRANSPORTATION PLANNING PROGRAM (23 CFR 450.308 (b))

A. Introduction

The Association of Monterey Bay Area Governments (AMBAG) was organized in 1968 for the purpose of regional collaboration and problem solving. AMBAG, as it is often referred to, was formed as a Joint Powers Authority (JPA) governed by a 24 member Board of Directors comprised of elected officials from each City and County within the region. The AMBAG region includes Monterey, San Benito and Santa Cruz counties. AMBAG serves as both a federally designated Metropolitan Planning Organization (MPO) and Council of Governments (COG) for Monterey and Santa Cruz Counties. AMBAG performs metropolitan level transportation planning on behalf of the region. Among its many duties, AMBAG produces four documents, the Metropolitan Transportation Plan/Sustainable Communities Strategy (MTP/SCS), Overall Work Program (OWP), Public Participation Plan (PPP) and Metropolitan Transportation Improvement Program (MTIP), which are updated periodically to comply with federal and state guidance. AMBAG also develops and manages the region's transportation demand model (RTDM), Land Use Model, Land Development Tracking framework, and prepares regional housing, population and employment forecast that are utilized in a variety of regional plans and studies.

Membership and participation in AMBAG is voluntary on the part of its members. Funding is primarily received from state and federal transportation funds and grants as well as other project specific grants. A small, but critical component of AMBAG's funding is derived from annual membership dues.

AMBAG's vision is to strengthen the region's unique environment, economy, and culture. Its mission is to provide strategic leadership and services to analyze, plan and implement regional policies for the benefit of the Counties and Cities of Monterey, San Benito, and Santa Cruz County, balancing local control with regional collaboration.

AMBAG is a Metropolitan Clearinghouse by the State pursuant to Executive Order 12372. AMBAG is an agency actively involved in providing solutions to regional problems and issues through regional planning and cooperation. In order to conduct planning efforts, AMBAG applies for grants through various federal, state and local grant programs. The AMBAG Board of Directors approves resolutions that allow AMBAG to apply for various grants to support the agency's role as a regional forum for planning activities.

The Overall Work Program (OWP) defines the continuing, comprehensive, and coordinated (3C) metropolitan planning process for the three-county (Monterey, Santa Cruz, and San Benito) Monterey Bay Region. It establishes transportation, air quality, and other regional planning objectives for the fiscal year July 1, 2025 to June 30, 2026 and the methods and timing for achieving those objectives, and identifies planning responsibilities and funding to complete the work. The OWP also serves as a management tool for AMBAG in that it identifies all projects and services to be provided during the year beyond those mandated by the metropolitan planning process. The OWP, therefore, presents an annual blueprint for the agency's use of resources for the fiscal year 2025-2026. Because the metropolitan planning process encompasses coordination and interaction of

work being performed within the region, including some work not undertaken directly by AMBAG, this document also includes a summary of other major planning activities.

The OWP identifies all regional planning efforts in the areas of transportation, air quality, land use and sustainability planning. The OWP is organized in three sections:

- a. The AMBAG Prospectus describes the organizational structure, institutional relationships, consultation and outreach processes, and planning emphasis areas required by federal transportation planning regulations.
- b. The OWP Work Elements (WE) is an overview of the work program and regional planning efforts for the Monterey Bay Region
- c. The AMBAG Budget contains the proposed budget which shows the use of projected revenues to complete the OWP activities during FY 2025-2026.

B. Role of the OWP and Agencies' Responsibilities

The AMBAG Board of Directors approved the revised AMBAG Administrative Policies and Procedures at their March 14, 2012 meeting, which established the Continuing Cooperative Agreement (CCA) to define and document the relationship between AMBAG and subrecipients, and to address AMBAG's responsibilities. The CCA is a separate, legally binding agreement that establishes procedures for the procurement of services from the sub-recipients.

AMBAG has several MOUs in place, including the Comprehensive Federal and State Transportation Planning and Programming, which was executed in February 2017. Under Title 23 of the United States Code (USC) section 134 (23 USC 134) and 23 Code of Federal Regulations (CFR) 450.104 (23 CFR 450.104) this MOU establishes a general transportation planning and programming process codifying the responsibilities of the MPO and Caltrans. This MOU is between AMBAG and Caltrans.

This OWP serves four major purposes for the Monterey Bay Region:

- 1) A management guide for AMBAG as well as all partnering agencies operations, enabling review of the scheduling and progress of project activities.
- 2) A program management tool for all transportation planning efforts in the tri-county Monterey Bay area, including assignment of budget, monitoring of progress against projected program expenditures and the specification of planning products and their impact on the development of multi-modal transportation improvements resulting from the planning process.
- 3) To provide and document a coordinated annual work program.
- 4) To satisfy state and federal requirements for transportation planning program descriptions as a condition of funding.

II. ORGANIZATION AND MANAGEMENT

A. Institutional Arrangements

The relationships among planning agencies and programs in the AMBAG area are complex. There are numerous planning programs undertaken by the RTPAs, cities, counties, and other multi-jurisdictional agencies in cooperation and consultation with AMBAG.

AMBAG is governed by a Board of Directors that is comprised of two representatives from the Board of Supervisors of each of three member counties and one representative from the City Council of each of the member cities. AMBAG currently includes representatives from all 21 eligible jurisdictions. In addition, a representative from Caltrans, a representative from the Council of San Benito County Governments, Monterey Bay Air Resources District, Santa Cruz County Regional Transportation Commission, Transportation Agency for Monterey County, Monterey Salinas Transit, Santa Cruz Metropolitan Transit District, Central Coast Community Energy (3CE) and Monterey Peninsula Airport District sits on the AMBAG Board as an ex-officio member.

The following documents delineate AMBAG's authority and responsibilities:

- 1) Joint Powers Agreement
- 2) Bylaws
- 3) Role and Scope Memorandum
- 4) Continuing Cooperative Agreement
- 5) Memoranda of Agreement, under Executive Order 12372
- 6) Memorandum of Understanding (MOU) for Planning and Programming between AMBAG and Caltrans
- 7) Master Fund Transfer Agreement (MFTA) between AMBAG and Caltrans

B. Transportation Planning Organizational Structure

The Monterey Bay Region is the only area in the State of California where the responsibility for transportation planning is shared between a MPO and Regional Transportation Planning Agencies (RTPAs) that operate at a county level. AMBAG is the designated MPO for the tri-county (Monterey, San Benito, and Santa Cruz) area and has the responsibility to carryout transportation planning activities and provide policy guidance pertaining to the transportation planning process in accordance with federal and state

law.

Each RTPA is primarily responsible for the preparation of Regional Transportation Plans (RTPs) and programs required by the State of California. AMBAG retains primary responsibility for those planning elements that are regional in nature. AMBAG is also responsible for preparing for the tri-county Metropolitan Planning Area (MPA) the Metropolitan Transportation Plan/Sustainable Communities Strategy (MTP/SCS) and the Metropolitan Transportation Improvement Program (MTIP) from which projects are incorporated into the Federal Statewide Transportation Improvement Program (FSTIP).

In addition to the federal and state laws and regulations, the Continuing Cooperative Agreement and the Memorandum of Understanding cited above, specifies the roles and responsibilities of the RTPAs (a.k.a. Local Transportation Commissions) within their respective counties are governed by the provisions of the California Transportation Development Act of 1971 (SB-325) (California Public Utilities Code Sections 99200-99217) (California Government Code Section 29530-29536) and local rules and regulations adopted for the conduct of Commission business. Each Commission became the duly recognized RTPA with the implementation of AB 69 in July 1973.

C. Coordination Statement

The general relationship of all major parties involved in transportation planning in the region is reflected in the adopted Continuing Cooperative Agreements (CCA) and MOUs. Specific responsibilities of each agency are also detailed therein. The existing institutional arrangements and organization structures, as described above, guarantee the coordination of transportation planning efforts at all levels: county-wide, regional, state, and federal. The technical advisory committees of the three RTPAs include representatives from all cities, counties, transit providers, AMBAG and Caltrans, the State Department of Transportation. Furthermore, Caltrans District "liaison" personnel, through continuous formal and informal communications with technical staff of the MPO and the RTPAs, achieve the desired representation at the technical level. Similarly, the structure of the Policy Advisory Committees is such as to allow for presentation of regional and state concerns at the policy making level.

The purpose of AMBAG's Public Participation Plan is to provide guidance to AMBAG's partner agencies and local jurisdictions in the structuring of regional transportation planning processes to ensure that, to the greatest extent possible, interagency consultation and public participation are an integral and continuing part of the regional transportation planning and decision-making process.

AMBAG coordinates the public involvement processes and outreach efforts with our partner agencies, as well as other federal, state, and local agencies, including Federal Land Management Agencies (FLMAs) and Tribal Governments (listed in Appendix F), to enhance public involvement for regional transportation planning studies, plans and projects. Appropriate consultation is undertaken with agencies and officials responsible for planning activities within the region, as well as state and federal resource management agencies throughout the planning process. AMBAG participates in workshops with federal and state agencies, to establish and maintain interagency consultation throughout the planning process. Additionally, interagency consultation is conducted through periodic meetings, public notices and requests for input on the planning process. In addition, AMBAG engages and coordinates with Native American Tribal Governments in the region, as applicable.

D. Citizen Involvement

AMBAG's Board of Directors has the ability to appoint citizen advisory committees for specific programs/plans. When a committee's mission has been accomplished, it ceases to exist. Ongoing citizens' input to the transportation planning process is obtained through the advisory committees of the three RTPAs, a unique process intended to eliminate duplication of effort.

Efforts are made to reach and engage traditional and non-traditional stakeholders in the community, including minority and low-income groups as well as community-based organizations (CBOs). In 2022, AMBAG led a coordinated effort to develop and adopt the Monterey Bay Regional Coordinated Public Transit-Human Services Transportation Plan. This plan, a requirement under FAST/IJJ Act, addresses the transportation gaps and unmet needs of low income, persons of color, and persons with disabilities, while establishing strategies to meet those needs.

Additional efforts to reach non-traditional stakeholders within the region include representatives from the senior citizen and disabled communities as members of the Transportation Agency for Monterey County's Social Services Transportation Advisory Council (SSTAC) and the Santa Cruz County Regional Transportation Commission's Elderly and Disabled Transportation Advisory Committee (E&D TAC). The committees regularly review and comment on proposed planning matters affecting these communities. All committee actions are reported to and considered by each transportation commission. Further public response has been and will continue to be solicited through well-advertised meetings, public hearings and workshops. AMBAG also develops ad hoc committees including but not limited to Planning Directors forum for various large planning efforts to ensure input from a variety of groups.

In addition to standard efforts, in consultation and coordination with RTPAs transit operators, and other transportation stakeholders, AMBAG is continuously updating the Monterey Bay Public Participation Plan (PPP) and the 2024 Title VI Plan as required under the FAST/IJJ Act.

E. Equal Opportunity Statement

As a recipient of numerous federal grants for various planning activities, AMBAG has made every effort to comply with the provisions of Title VI of the Civil Rights Act of 1964. The Civil Rights Act of 1964 states that "no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." The Environmental Justice (EJ) Executive Order (EO 12989) further amplifies Title VI by specifically addressing minority and low-income populations, early and continuously in the transportation planning process, so the values and interests of all segments of our communities are equally reflected in investment decisions.

List of Staff Positions

AMBAG's staffing organization, as of November 1, 2025, includes:

<u>NAME</u>	<u>TITLE</u>
Maura Twomey	Executive Director
Amaury Berteaud	Sustainability Program Manager
Ana Flores	Clerk of the Board
Bhupendra Patel	Director of Modeling
Christine Duymich	Senior Planner
Elizabeth Lippa	Administrative Assistant
Gina Schmidt	GIS Coordinator
Giselle Wendt	Special Projects Associate, Sustainability Program
Heather Adamson	Director of Planning
Jessica Agee	Director of Finance and Administration
Liz Hurtado-Espinosa	Principal Accountant
Paul Hierling	Principal Planner
Regina Valentine	Senior Planner
William Condon	Associate Planner
vacant	Graduate Student Intern, Sustainability Program
vacant	Planner
vacant	Intern, GIS & Planning

III. PLANNING CERTIFICATION

As required by the metropolitan transportation planning regulations published in the Federal Register. AMBAG, as the Metropolitan Planning Organization, is required to annually certify that the planning process is being carried out in conformance with applicable laws and regulations:

- 1) 23 U.S.C. 134, 49 U.S.C. 5303, and subpart C of 23 CFR part 450;

- 2) In nonattainment and maintenance areas, sections 174 and 176(c) and (d) of the Clean Air Act, as amended (42 U.S.C. 7504, 7506(c) and (d)) and 40 CFR part 93;
- 3) Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d–1) and 49 CFR part 21;
- 4) 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
- 5) Section 1101(b) of the FAST Act (Pub. L. 114-94) and 49 CFR part 26 regarding the involvement of disadvantaged business enterprises in USDOT funded projects;
- 6) 23 CFR part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;
- 7) The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR parts 27, 37, and 38;
- 8) The Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;
- 9) Section 324 of title 23 U.S.C. regarding the prohibition of discrimination based on gender; and
- 10) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR part 27 regarding discrimination against individuals with disabilities.

In conducting a certification review, the FHWA and the FTA shall provide opportunities for public involvement within the metropolitan planning area under review. The FHWA and the FTA shall consider the public input received in arriving at a decision on a certification action.

The adopted AMBAG Board of Directors Resolution for the FY 2024-2025 Overall Work Program includes the above statement. A separate joint certification by AMBAG and Caltrans is forwarded with the Final FY 2024-2025 OWP.

IV. PLANNING FACTORS

As discussed above, the text of the OWP identifies applicable planning factors. Each federally funded OWP work element is listed below under the applicable planning factors.

Planning Factors

Metropolitan areas, under Infrastructure Investment and Jobs Act (IIJA), should incorporate 10 planning and strategy areas into the overall transportation planning process. The areas are listed below with a summary of the federally funded work elements that address each factor. The text of the OWP Work Element also identifies applicable planning factors.

- 1) Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency**
(WEs 101, 112, 251, 411, 622, 629, 641, and 680)
- 2) Increase the safety of the transportation system for motorized and non-motorized users**
(WEs 101, 112, 251, 411, 622, 629, 641, and 680)

3) Increase the security of the transportation system for motorized and non-motorized users

(WEs 101, 112, 251, 629, 641, and 680)

4) Increase the accessibility and mobility options available to people and for freight

(WEs 101, 112, 113, 251, 411, 622, 629, 641, and 680)

5) Protect and enhance the environment, promote energy conservation, improve quality of life, and promote consistency of transportation plans/programs with State and local planned growth and economic development patterns

(WEs 101, 113, 125, 231, 251, 334, 335, 345, 346, 347, 348, 411, 610, 616, 622, 629, 641, and 680)

6) Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight

(WEs 101, 112, 125, 231, 251, 411, 622, 629, 641, and 680)

7) Promote efficient system management and operation

(WEs 101, 112, 125, 231, 251, 411, 610, 616, 622, 629, 641, and 680)

8) Emphasize the preservation of the existing transportation system

(WEs 101, 231, 251, 411, 610, 616, 622, 629, 641, and 680)

9) Improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation

(WEs 101, 231, 251, 610, 616, 622, 629, 641, and 680)

10) Enhance travel and tourism

(WEs 101, 231, 251, 411, 629, 641, and 680)

V. 2025-2026 Planning Emphasis Areas

With continued focus on transportation planning the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) Offices of Planning jointly developed an updated Planning Emphasis Areas (PEAs) and encourages Metropolitan Planning Organization (MPO) and all partnering agencies to incorporate these PEAs as OWP and other programs are updated. During FY 2025-2026 OWP, AMBAG as an MPO for Monterey Bay Area, will work with local, regional, and state agencies to ensure that 2025-2026 PEAs are incorporated in various planning products as appropriate. The PEAs are listed below with a summary of the federally funded work elements that address each PEAs. The text of the OWP also identifies applicable planning factors.

Tackling the Climate Crisis – Transition to a Clean Energy, Resilient Future

AMBAG will work with local, regional, and state agencies to ensure that our transportation plans and infrastructure investments help achieve the national greenhouse gas reduction goals of 50-52 percent below 2005 levels by 2035, and net-zero emissions by 2050, and increase resilience to extreme weather events and other disasters resulting from the increasing effects of climate change. AMBAG's performance-based transportation planning process and activities seek to accelerate the transition toward electric and other alternative fueled vehicles, plan for a sustainable infrastructure system that works for all users and undertake actions to prepare for and adapt to the impacts of climate change. Appropriate Overall Work Program (OWP) work tasks could include identifying the barriers to and opportunities for deployment of fueling and charging infrastructure; evaluating opportunities to reduce greenhouse gas emissions by reducing single-occupancy vehicle trips and increasing access to public transportation, shift to lower emission modes of transportation; and identifying transportation system vulnerabilities to climate change impacts and evaluating potential solutions. The WEs 231, 251, 334, 335, 336, 338, 610, 622, 629, 641, and 680 address this PEA.

Equity in Transportation Planning

Advancing racial equity and support for underserved and disadvantaged communities will help ensure public involvement in the planning process and that plans and strategies reflect various perspectives, concerns, and priorities from impacted areas. MPO's transportation planning projects and activities includes strategies that: (1) improve infrastructure for non-motorized travel, public transportation access, and increased public transportation service in underserved communities; (2) plan for the safety of all road users, particularly those on arterials, through infrastructure improvements and advanced speed management; (3) reduce single-occupancy vehicle travel and associated air pollution in communities near high-volume corridors; (4) offer reduced public transportation fares as appropriate; (5) target demand-response service towards communities with higher concentrations of older adults and those with poor access to essential services; and (6) consider equitable and sustainable practices while developing transit-oriented development including affordable housing strategies and consideration of environmental justice populations. The WEs 101, 112, 113, 125, 231, 251, 334, 335, 338, 610, 616, 622, 629, 641 and 680 address this PEA.

Complete Streets

MPO's current policies, rules, and procedures to determine their impact on safety for all road users. A complete street is safe, and feels safe, for everyone using the street. Plan, develop, and operate streets and networks that prioritize safety, comfort, and access to destinations for people who use the street network, including pedestrians, bicyclists, transit riders, micro-mobility users, freight delivery services, and motorists. The goal is to provide an equitable and safe transportation network for travelers of all ages and abilities, including those from marginalized communities facing historic disinvestment. This vision is not achieved through a one-size-fits-all solution – each complete street is unique and developed to best serve its community context and its primary role in the network.

A safe and complete network for bicycles can also be achieved through a safe and comfortable bicycle facility located on the roadway, adjacent to the road, or on a nearby parallel corridor. Jurisdictions will be encouraged to prioritize safety improvements and speed management on arterials that are essential to creating complete travel networks for those without access to single-occupancy vehicles. The WEs 231, 251, 610, 616, 622, 629, 641, and 680 address this PEA.

Public Involvement

Early, effective, and continuous public involvement brings diverse viewpoints into the decision-making process. Increase meaningful public involvement in transportation planning by integrating Virtual Public Involvement (VPI) tools into the overall public involvement approach while ensuring continued public participation by individuals without access to computers and mobile devices. The use of VPI broadens the reach of information to the public and makes participation more convenient and affordable to greater numbers of people. Virtual tools provide increased transparency and access to transportation planning activities and decision-making processes. Many virtual tools also provide information in visual and interactive formats that enhance public and stakeholder understanding of proposed plans, programs, and projects. Increasing participation earlier in the process can reduce project delays and lower staff time and costs. The WEs 112, 113, 125, 231, 251, 336, 411, 616, 622, 629, and 641 address this PEA.

Strategic Highway Network (STRAHNET)/U.S. Department of Defense (DOD) Coordination

Coordinate with representatives from DOD in the transportation planning and project programming process on infrastructure and connectivity needs for STRAHNET routes and other public roads that connect to DOD facilities. According to the Declaration of Policy in 23 U.S.C. 101(b)(1), it is in the national interest to accelerate construction of the Federal-aid highway system, including the Dwight D. Eisenhower National System of Interstate and Defense Highways, because many of the highways (or portions of the highways) are inadequate to meet the needs of national and civil defense. The DOD's facilities include military bases, ports, and depots. The road networks that provide access and connections to these facilities are essential to national security. The STRAHNET also contains approximately 1,800 miles of connector routes linking more than 200 military installations and ports to the primary highway system. The DOD's facilities are also often major employers in a region, generating substantial volumes of commuter and freight traffic on the transportation network and around entry points to the military facilities. The WEs 231, 251, 610, 616, 622, 629, 641, and 680 address this PEA.

Federal Land Management Agency (FLMA) Coordination

Coordinate with FLMAs in the transportation planning and project programming process on infrastructure and connectivity needs related to access routes and other public roads and transportation services that connect to Federal lands. Through joint coordination, the State DOTs, MPOs, Tribal Governments, FLMAs, and local agencies should focus on integration of their transportation planning activities and develop cross-cutting State and MPO long range transportation plans, programs, and corridor studies, as well as the Office of Federal Lands Highway's developed transportation plans and programs. Agencies should explore opportunities to leverage transportation funding to support access and transportation needs of FLMAs before transportation projects are programmed in the Transportation Improvement Program (TIP) and Statewide Transportation Improvement Program (STIP). Each State must consider the concerns of FLMAs that have jurisdiction over land within the boundaries of the State (23 CFR 450.208(a)(3)). MPOs must appropriately involve FLMAs in the development of the metropolitan transportation plan and the TIP (23 CFR 450.316(d)). Additionally, the Tribal Transportation Program, Federal Lands Transportation Program, and the Federal Lands Access Program TIPs must be included in the STIP, directly or by reference, after FHWA approval in accordance with 23 U.S.C. 201(c) (23 CFR 450.218(e)). The WEs 231, 251, 616, 622, 629, 641, and 680 address this PEA.

Planning and Environment Linkages (PEL)

Implement PEL as part of the transportation planning and environmental review processes. The use of PEL is a collaborative and integrated approach to transportation

decision making that considers environmental, community, and economic goals early in the transportation planning process, and uses the information, analysis, and products developed during planning to inform the environmental review process. PEL leads to interagency relationship building among planning, resource, and regulatory agencies in the early stages of planning to inform and improve project delivery timeframes, including minimizing duplication and creating one cohesive flow of information. This results in transportation programs and projects that serve the community's transportation needs more effectively while avoiding and minimizing the impacts on human and natural resources. The WEs 251, 338, 411, 610, 616, 622, 629, 641, and 680 address this PEA.

Data in Transportation Planning

Incorporate data sharing and consideration into the transportation planning process because data assets have value across multiple programs. Data sharing principles and data management can be used for a variety of issues, such as freight, bike and pedestrian planning, equity analyses, managing curb space, performance management, travel time reliability, connected and autonomous vehicles, mobility services, and safety. Developing and advancing data sharing principles allows for efficient use of resources and improved policy and decision making at the State, MPO, regional, and local levels for all parties. The WEs 231, 251, 336, 411, 610, 616, 622, 629, 641, and 680 address this PEA.

VI. AMBAG FY 2025-2026 WORK PROGRAM PRIORITIES

The agency's strategic vision encompasses long-term areas of achievement that remain relatively unchanged on an annual basis. Supporting this strategic vision are OWP priorities which are updated annually to highlight particular areas of focus for the coming fiscal year. The adoption of the strategic vision and priorities will fulfill AMBAG's commitment to our funding partners, Caltrans, the Federal Highway Administration, and the Federal Transit Administration, to develop the FY 2025-2026 OWP and budget based on established Board priorities.

Overall Work Program Strategic Vision

Implement the regional vision and guiding principles collaboratively through the next update of the Metropolitan Transportation Plan (MTP).

Develop and implement strategies collaboratively to improve the quality of life in the region, as characterized by a sustainable economy, healthy environment, public safety, and more transportation and housing choices, consistent with the Metropolitan Transportation Plan and AMBAG mission, recognizing current and future fiscal constraints.

Enhance organizational effectiveness through continuous improvements and fiscal discipline to better support state and federal mandates for the MTP. Pursue innovative solutions to fiscal and economic challenges and opportunities for AMBAG and the region.

FY 2025-2026 Overall Work Program Priorities

Modeling and Research. Employ new technologies, methodologies, and models to enhance and expand research and analysis capabilities, equipping AMBAG to more comprehensively address complex policy and operational issues in the development of the Metropolitan Transportation Plan (further details on activities and products related to Modeling and Research can be found in work element 231, 251, 335, 610, 616, 622, and 629).

Planning and Forecasts. A coordinated planning process that will lead to the development of the Metropolitan Transportation Plan, including a Sustainable Communities Strategy (SCS). This area of emphasis also includes collaborative efforts with partner agencies in neighboring regions, focusing on metropolitan performance-based planning, development of strategies and delivery of projects and programs that will improve mobility and sustainability in our regions (further details on activities and products related to Planning and Forecasts can be found in work element 251, 616, 622, 629, and 680).

Sustainable Development Strategies. Formulation of integrated planning, funding, and implementation strategies for regional investment in the areas of habitat conservation, water quality, shoreline preservation, smart growth, and transportation. Participate in discussions and encourage sustainable strategies in other areas, such as climate change, adaptation, and resiliency. By working together, these efforts are expected to provide the opportunity to achieve three goals simultaneously: a healthy environment, economic prosperity, and social equity in the region (further details on activities and products related to Sustainable Development Strategies can be found in work element 335, 610, 616, 622, and 680).

Collaborative Planning and Implementation. Ensure collaborative planning/implementation efforts among AMBAG, RTPAs, Caltrans, transit operators, and local jurisdictions to ensure rapid delivery of transportation projects and programs that improve mobility and address climate change goals. Pursue strategic efforts to enhance communications with member agencies, partner agencies, advisory committees, and the public (further details on activities and product related to Collaborative Planning and Implementation can be found in work element 112, 113, 231, 251, 334, 335, 610, 616, 622, 629, 641, and 680).

VII. CALIFORNIA TRANSPORTATION PLAN 2050 - 14 RECOMMENDATIONS**14 Recommendations**

The CTP 2050 identifies 14 cross-cutting recommendations to address each of the goals identified in the CTP 2050 vision. Below are the 14 recommendations, with corresponding AMBAG Work Elements listed.

- 1) Expand access to safe and convenient active transportation options.**
(WEs 231, 251, 622, 629, 641)
- 2) Improve transit, rail, and share mobility options.**
(WEs 231, 251, 616, 622, 629, 641, 680)
- 3) Expand access to jobs, goods, services, and education.**
(WEs 251, 616, 622, 629, 680)
- 4) Advance transportation equity.**
(WEs 251, 616, 622, 629, 641, 680)
- 5) Enhance transportation system resiliency.**
(WEs 231, 251, 622, 629, 641, 680)
- 6) Enhance transportation safety and security.**
(WEs 231, 251, 335, 610, 616, 622, 629, 641, 680)
- 7) Improve goods movement systems and infrastructure.**
(WEs 251, 616, 622, 629, 641, 680)
- 8) Advance Zero-Emissions Vehicle (ZEV) technology and supportive infrastructure.**
(WEs 335, 338, 610, 616, 622, 629)

9) Manage the adoption of connected and autonomous vehicles.

(WEs 231, 251, 610, 616, 622)

10) Price roadways to improve the efficiency of auto travel.

(WEs 231, 251, 610, 616, 622)

11) Encourage efficient land use.

(WEs 231, 251, 616, 622, 629)

12) Expand protection of natural resources and ecosystems.

(WEs 231, 335, 616, 622)

13) Strategically invest in state of good repair improvements.

(WEs 610, 616, 622, 629, 641)

14) Seek sustainable, long-term transportation funding mechanisms.

(WEs 610, 616, 622, 629, 641)

PART II: OVERALL WORK PROGRAM ELEMENTS

Project Description	The Overall Work Program (OWP) is a federally mandated document, annually developed by the MPO staff, approved by the MPO Board, and thereafter jointly approved by Caltrans and FHWA/FTA to carry out regional transportation planning related activities for the Monterey Bay Area. The preparation of AMBAG’s OWP involves coordination and consultation at various levels with the region’s Regional Transportation Planning Agencies (RTPAs), transit agencies, Caltrans, FHWA, FTA, as well as multiple local stakeholders. The OWP provides an overview of the region's Metropolitan Planning activities, with a focus on performance based transportation planning approach. It is a scope of work for transportation planning activities, including estimated costs, funding sources, and completion schedules. Under this work element staff will cooperatively develop, maintain and provide oversight to the FY 2025-2026 Annual Overall Work Program (OWP) in order to carry out the metropolitan transportation planning activities as well as coordinate development of the FY 2026-2027 OWP as required under the IJJA. Major activities include programming, monitoring and managing metropolitan transportation planning projects/activities, including monitoring expenditures against the programmed funds. Activities also include providing monthly, quarterly and annual progress reports and deliverables to Caltrans/FHWA/FTA. AMBAG will coordinate and carry out up to three (3) amendments to the FY 2025-26 AMBAG OWP and development of the FY 20262027 OWP. The OWP also includes other regionally significant planning activities proposed by AMBAG in collaboration with the RTPAs, transit agencies and Caltrans.
Project Products	• FY 2026-27 Overall Work Program and Budget. • Up to three amendments to the FY 2025-26 OWP and Budget. • 12 monthly progress reports and 4 quarterly progress reports. • Executed/amended Overall Work Program Agreements (OWPA) with Caltrans. • Project kickoff meeting, Board reports, presentation and handouts/resource materials for staff training. • DBE reporting. • Final Products Report for the FY 2024-2025.

Federally Eligible Tasks	All project products listed above and tasks and deliverables listed below are federally eligible.			
Previous Accomplishments	FY 2024-25 OWP and Budget and processed three amendments to the FY 2023-24 OWP and Budget. Provided Caltrans detailed monthly, quarterly progress reports and annual closeout report. Executed 2025-2035 MFTA Coordinated Metropolitan Transportation Planning activities and held early consultation/kickoff meeting with State and Federal partners in accordance with the federal and state requirements.			
Federal Planning Factors (PF)	Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency. Increase the safety of the transportation system for motorized and non-motorized users. Increase the security of the transportation system for motorized and non-motorized users. Increase the accessibility and mobility of people and for freight. Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth, housing, and economic development patterns. Enhance the integration and connectivity of the transportation system, across and between modes, people and freight. Promote efficient system management and operation. Emphasize the preservation of the existing transportation system. Improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation. Enhance travel and tourism.			
Tasks & Deliverables				
Task	Description	Deliverables	Budget & Completion Date	
1	Administration	Administrative Deliverables	\$	30,000
1.1	Closing out the FY 2024-25 OWP	FY 2024-25 OWP closeout report with project products.		9/30/2025
1.2	Carry out up to three amendments to the FY 2025-26 OWP.	Up to three amendments to FY 2025-26 OWP		Quarterly
1.3	Coordinate, prepare and provide monthly and quarterly FY 2025-26 OWP progress reports to Caltrans.	12 monthly/4 quarterly progress reports		Monthly/ Quarterly

1.4	Prepare and present draft and final FY 2026-27 OWP to AMBAG Board of Directors for their inputs / approval and finalize the FY 2026-27 OWP submission along with necessary certificates and documents to Caltrans/FHWA/FTA for their approval.	Draft and final FY 2026-27 OWP with required OWPA/certificates/forms	02/27/2026 Draft 5/13/2026 Final
2	Planning	Planning Deliverables	\$ 33,400
2.1	Engage stakeholders and policy makers to identify MPO priorities for FY 2026-27 in conjunction with Federal and State Planning Emphasis Areas/Planning Factors and guidance received from Caltrans/FHWA/FTA.	Draft list of MPO's FY 2026-27 OWP priority, projects/activities	12/20/2025
2.2	Consultation with AMBAG Board and Executive/Finance Committee to scope out regional long term priorities that should be reflected in FY 2026-27 OWP.	FY 2026-27 OWP priorities, projects/activities set by MPO policy Board.	1/16/2026
2.3	Participate in early consultation meeting with Caltrans/FHWA/FTA for FY 2026-27 OWP to receive guidance.	Meeting agenda, resource materials and follow-up actions	1/30/2026
3	Data Gathering and Analysis	Data Gathering and Analysis Deliverables	\$ 50,747
3.1	Prepare draft and final FY 2026-27 OWP in consultation with partner agencies and incorporating federal and state emphasis areas as well as AMBAG Board established priorities.	Draft and final FY 2026-27 OWP document.	02/27/2026 Draft 5/13/2026 Final
3.2	Take draft and final FY 2026-27 OWP for AMBAG Board inputs/approval. Also prepare necessary submission forms, certificates and documents to Caltrans/FHWA/FTA.	Draft and final FY 2026-27 OWP document, Board agenda, presentation materials and other forms / certifications.	02/27/2026 Draft 5/13/2026 Final
3.3	Research and participate in legislative webinars and seminars pertaining to MPO transportation planning process.	Meetings/Webinars/Handouts	Monthly/ Quarterly
4	Coordination	Coordination Deliverables	\$ 5,000
4.1	Coordinate FY 2026-27 OWP development with partner agencies (Caltrans, RTPAs, Transit Agencies and other regional/local agencies).	Meeting agenda, handouts, notes and action items	Monthly/ Quarterly
5	Public Participation	Public Participation Deliverables	\$ 2,000
5.1	Web hosting of FY 2026-27 OWP and amendments to the FY 2025-26 OWP.	Updated OWP web content in ADA compliant format.	Quarterly

Overall Work Program FY 2025 to 2026

Amendment No. 2

** May include out of state travel.
***The federal matching rate is 11.47%.

Project Description	Under this work element staff will continue to implement the metropolitan transportation planning requirements by continuing, cooperative and comprehensive (3C) process to the degree appropriate and work with Federal, State, regional and local agencies responsible for land use management, natural resources, environmental protection, conservation, and historic preservation concerning the development of a long-range metropolitan transportation plan (MTP) and regional transportation planning process. Develop partnerships with local jurisdictions, regional agencies, transit operators and other transportation stakeholders who are responsible for metropolitan transportation and land use planning and decisions. The main objective of this work element is to facilitate coordination of metropolitan transportation planning and air quality planning activities within the tri-county (Monterey, San Benito and Santa Cruz) Metropolitan Transportation Planning Area. As part of this work element, AMBAG will actively engage with Native American Tribes in our region as well as the Federal Land Management Agencies (FLMAs) including: the Bureau of Indian Affairs, U.S. Forest Service, National Park Service, U.S. Fish and Wildlife Service, Bureau of Land Management, Bureau of Reclamation, and the Department of Defense, including the U.S. Army Corps of Engineers.
---------------------	--

The following objectives will be met with this work element:

- Ensure that transportation planning activities respond to IIJA requirements with continuing coordination and consultation with transportation stakeholders.
- Participate with local and regional agencies in technical advisory committee meetings, policy body meetings and transit agency policy boards.
- Participate in federal and State webinars, conferences and meetings pertaining to various federal initiatives for land use, transportation planning, public participation, and resiliency.

Project Products

- Participate in local, state, national or regional events.
 - Comments on federal or state transportation related legislation, participation in state, regional and local activities and presentations to other government agencies as related to MPO roles and responsibilities.
 - Coordination meetings with RTPAs, transit agencies, Caltrans and other regional agencies pertaining to regional transportation planning.
 - Participate in webinars, conference calls, and meetings pertaining to IIJA, performance based planning and programming, performance measures target development as well as its implementation.
 - Participate in transportation and land use studies, regional and local transportation plans, programs and projects.
 - Participation in seminars, meetings and conferences for the implementation of the IIJA.
-

Federally Eligible Tasks	• Coordinate the implementation of IJJA. requirements as it relates to metropolitan and regional transportation planning. This work element supports the 3-C process, as a key element for the Metropolitan Transportation Planning process. Staff participation in Technical Advisory Committees, MPO, Transit Agencies, Caltrans and RTPAs Board meetings. • Participation in the coordination of the IJJA.
Previous Accomplishments	In FY 2024-25, AMBAG staff participated in AMBAG Board of Directors, Regional Transportation Planning Agencies Board of Directors, Transit Agencies Board of Directors meetings and provided ongoing information to regional and local transportation agencies about metropolitan transportation planning programs and studies. AMBAG staff provided input on issues of regional significance and worked collaboratively to meet interagency coordination needs. Staff participated in multiple workshops, webinars as well as virtual meetings pertaining to performance based planning, programming, and performance measure discussions.
Federal Planning Factors (PF)	Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency. Increase the safety of the transportation system for motorized and non-motorized users. Increase the security of the transportation system for motorized and non-motorized users. Increase the accessibility and mobility of people and for freight. Enhance the integration and connectivity of the transportation system, across and between modes, people and freight. Promote efficient system management and operation.

Tasks & Deliverables				
Task	Description	Deliverables	Budget & Completion Date	
1	Administration	Administrative Deliverables	\$	6,014
1.1	Track and update the project schedule monthly and prepare monthly and quarterly project progress reports and identify necessary action.	Updated project timeline and scope of work.		Monthly/ Quarterly
1.2	Develop project scope of work, tasks and products for FY 2026-27 that is consistent with Metropolitan transportation planning requirements.	Project Scope of work, tasks and deliverables for FY 2026-27.		02/27/2026 Draft 5/13/2026 Final
2	Planning	Planning Deliverables	\$	30,000
2.1	Attend local, state and regional agency meetings/workshops/seminars pertaining to transportation planning, MTP, MTIP, land use, sustainability, or air quality planning activities as well as issues to enhance staff skills and greater participation and or coordination.	Training materials, meeting agendas, handouts, notes and presentations at AMBAG Board and other policy board meetings		Monthly
2.2	Prepare agendas and presentations for coordination meetings, Technical Advisory Committees (TAC), RTPA, Transit Agencies and inter-governmental related activities and meetings.	Meeting agendas, handouts, notes and presentations for the TACs and transit agencies		Monthly
3	Data Gathering and Analysis	Data Gathering and Analysis Deliverables	\$	30,000
3.1	Follow transportation legislation activities (IIJA implementation and new federal transportation bill) and participate in the discussion, conduct analysis, attend conferences/workshops and prepare staff reports/presentations/handouts.	Presentation material, summary and analysis report necessary for change in MPO's role and products		Monthly
3.2	Participate in seminar/conference/meetings pertaining to implementation of IIJA, new federal transportation infrastructure bill, and make presentation at the AMBAG as well as RTPAs Board on topics related to transportation planning activities/process.	Presentations to AMBAG Board and RTPAs/Transit agencies policy Boards and follow-up actions		Monthly

3.3	Participate in the coordination and implementation of the IJJA and any legislative updates related to metropolitan transportation planning.	Attending conference, meetings, webinar and presentations for the TACs and MPO Board	Monthly
4	Coordination	Coordination Deliverables	\$ 180,000
4.1	Coordinate executive directors meetings for enhanced coordination with AMBAG, Caltrans, the RTPAs, public transit operators and other federal, state and local agencies to carryout Metropolitan Transportation Planning activities.	Meeting agendas, handouts, notes and action items (coordinate/attend at least 8 meetings)	Monthly
4.2	Participate in and advise Regional TACs of three RTPAs for Metropolitan Transportation Planning projects and activities.	Meeting agendas, handouts, notes and action items (attend over 27 meetings)	Monthly
4.3	Attend and/or make presentations at AMBAG Executive/Finance Committee and Board of Directors (MPO) meetings as a part of the federal and state metropolitan transportation planning requirements.	Attend at least 20 meetings, meeting notes, reports and presentations	Monthly
4.4	Attend state and regional agency meetings (California Freight Advisory Committee, STIP working group, ATP working group, Rural Counties Task Force, RTPA Group, RTP/CTP Guidelines working group, MPO/State Agency Planning Agencies, Strategic Growth Council, Air Resources Board, Housing & Community Development, Central Coast Coalition and Air District and Central Coast Freight Working Group) to exchange information on transportation planning activities in order to enhance coordination among transportation plans, programs and regulations.	Reports on transportation related planning activities, including recommendations on affecting consistency in local regional plans, in monthly Board and advisory committee meeting agendas, and shared with stakeholders (attend over 20 meetings). Meeting agenda review, presentations and follow-up to the action items.	Monthly
4.5	Attend and/or make presentations at SBtCOG/SCCRTC/TAMC policy board and Advisory Committee meetings to encourage greater coordination and promote interagency consultation for metropolitan transportation planning.	Review of agendas and materials, meeting notes, materials and make presentations (attend over 10 meetings)	Monthly

4.6	Participate in meetings of Santa Cruz METRO and MST and follow up on meeting results and communicate as necessary to AMBAG Board.	Agendas, staff reports and materials, meeting notes and materials, communications and materials	Monthly
4.7	Provide update to AMBAG Board on various legislative/transportation planning related activities	Presentation/reports at AMBAG Board Meeting	Monthly

** May include out of state travel.

***The federal matching rate is 11.47%.

Project Description	This work element promotes ongoing, collaborative, and meaningful engagement with Caltrans, other State agency partners, Federal Land Management Agencies (FLMAs), local agency partners, and members of the public on project endeavors. This work element maintains the Public Participation Plan (PPP) and the Title VI Plan. The PPP contains strategies and requirements for engaging the public and partners on the various components of transportation planning activities/projects prepared by an MPO (AMBAG). Public participation as it relates to a specific project is funded under the budget of that project. However, the PPP can be updated with amendments as needed to include new project specific requirements or other legislative requirements. The Title VI Plan is a federally required document that all recipients and subrecipients of federal and state transportation funding (such as AMBAG) must create and implement which must be updated at least every three years.
	As a part of this work element, AMBAG will actively engage with Native American Tribes in our region as well as the Federal Land Management Agencies (FLMAs) including: the Bureau of Indian Affairs, U.S. Forest Service, National Park Service, U.S. Fish and Wildlife Service, Bureau of Land Management, Bureau of Reclamation, and the Department of Defense, including the U.S. Army Corps of Engineers. AMBAG will work closely with Caltrans Engagement and Public Affairs for all activities related to State highways.
Project Products	• Maintain the 2023 PPP. • Maintain 2024 Title VI Plan. • Monitoring and tracking implementation of the PPP and Title VI Plan for MPO's activities.

Federally Eligible Tasks	All tasks are federally eligible.		
Previous Accomplishments	The Final 2023 PPP was adopted in November 2023. The Final 2024 Title VI Plan was adopted in September 2024. The agency implements both the PPP & Title VI Plan through public notices, press releases, electronic notifications, public meetings, workshops, and public hearings on an ongoing basis.		
Federal Planning Factors (PF)	Achieve economic prosperity through strategic investments that increase the accessibility and mobility of people, goods movement, freight, while equitably building healthy communities. Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth, housing, and economic development patterns.		
Tasks & Deliverables			
Task	Description	Deliverables	Budget & Completion Date
1	Administration	Administrative Deliverables	\$ 7,700
1.1	Include Title VI policy in upcoming contracts, RFPs and other related documents.	Title VI Policies	Monthly
1.2	Develop scope of work and funding requirements for FY 2026-27.	Scope of work for FY 2026-27	02/27/2026 Draft 5/13/2026 Final
2	Planning	Planning Deliverables	\$ 16,200
2.1	Review new state/federal legislation and identify areas in the PPP and Title VI Plan that may need to be amended, including reviewing any potential PPP approaches/outreach strategies.	Summary report for PPP and Title VI amendment/modification, if needed.	5/31/2026

2.2	Explore, research and develop virtual public involvement efforts/activities for the update to the Public Participation Plan.	Virtual public involvement strategies, policies and activities.	6/30/2026
3	Data Gathering and Analysis	Data Gathering and Analysis Deliverables	\$ 7,815
3.1	Update maps and demographic data to inform public participation efforts in upcoming planning projects, such as the 2050 MTP/SCS.	Updated maps and data sets	8/31/2025
4	Coordination	Coordination Deliverables	\$ 5,400
4.1	Hold meetings with partner agencies to discuss the development and potential modifications and updates to the future PPP and Title VI Plan updates.	Meeting agenda, handouts, notes and action items	Quarterly

Project Description	The purpose of this work element is to collect, process and transmit timely information and facilitate an interagency liaison role for regional water related issues.		
Project Products	Ongoing inter-agency coordination between AMBAG and other water-related agencies.		
Federally Eligible Tasks	This is a non-federal work element.		
Previous Accomplishments	In the past fiscal year this work resulted in improved coordination and communication among agencies at all levels. Staff also provide analysis and evaluation of potential impacts of state, federal, and local water related programs/projects in the region.		
Federal Planning Factors (PF)	This is a non-federal work element.

(1) CALCOG \$ 114,056.50

Project Description	The Regional Official Training and Certification Project seeks to strengthen the quality of decision making on the state transportation system by building an on-demand training resource for the local elected officials who are appointed to serve on the “Regional Agency” boards.
Project Products	- Summary of survey results, including the total number of responses, and an analysis of training recommendations - Posting of at least 3 hours of video instruction on subjects identified by advisory committee - Posting of accompanying web links, suggested reading, and other resources where leaders can get additional information on subjects that were included in the training, including state objectives and plans - Dedicated portal posted on CALCOG website where trainings that are accessible - Memo sent to executive staff on how to best to use the new training materials (e.g., how to incorporate them into existing orientation modules.
Federally Eligible Tasks	All tasks of this work element are federally eligible.
Previous Accomplishments	The agreement between AMBAG and CALCOG was executed and procurement of the consultant was conducted.
Federal Planning Factors (PF)	Protect and enhance the environment, promote energy conservation, improve quality of life, and promote consistency of transportation plans/programs with State and local planned growth and economic development patterns Promote efficient system management and operation

Project Description	Geographic Information Systems (GIS) data is of great importance to land use, transportation, policy planning and public participation. The purpose of this work element is to collect, analyze and develop various GIS, Census and Big data for planning purpose and development of the next generation of data analytics and maintain a GIS web portal for public engagement. Data include but not limited to various Census data products, American Community Survey (ACS), regional employment, economics, transportation, population demographics, housing, water quality, land use, traffic/truck counts, transit routes, stops, ridership, freight / goods movements and other natural resources related data used for the development of the following: Regional Travel Demand Model (WE 251), the Integrated Land Use Model and Development Monitoring Framework Tool, the Sustainable Communities Planning (WE 616), the Metropolitan Transportation Plan (WE 622), the Metropolitan Transportation Improvement Program (WE 641), and the corridor/transit planning studies (WE 680). AMBAG will also provide data and staff support for the Highway Performance Management System (HPMS), other regional transportation planning efforts, Performance Measures (PM). Staff will continue collect, analyze and prepare tables, charts and map products using above listed datasets as well as some special datasets including but not limited to the American Community Survey (ACS), California Employment Development Department (EDD), Department of Motor Vehicles (DMV), California Department of Finance, 2020-2025 Census and big-data to understand the region's socio-economic, demographic structures and associated travel behavior. Staff will also conduct transit service related data assembly and analysis for various metropolitan transportation planning projects and activities.
---------------------	--

Project Products	• Data inputs for the AMBAG RTDM, land use model, MTP, MTIP, Complete Streets, and freight modeling. • Traffic, truck count and transit ridership data collection/monitoring, updated GIS maps. • Annual HPMS database updates. • Population, employment, land use and socio-economic database, maps and charts for MTIP, MTP/SCS, public participation purpose and website. • Data analysis and GIS support for the MPO projects/activities. • GIS database and maps for 3 counties and 18 local jurisdictions depicting population, land use, traffic and truck counts, the regional transit network, freight related data collection and analysis, and MPO planning efforts including but not limited to system performance management and the MTP/SCS. • Airport safety zone and other land use data collection and mapping for long range planning. • GIS web portal and maps for public participation. • Data analysis, Chart, and maps for MTP/SCS, MTIP.
Federally Eligible Tasks	All tasks of this work element are federally eligible.
Previous Accomplishments	Provided GIS/Data to public or agencies and conducted technical analysis for MPO's projects and prepared maps and charts. In addition, other ongoing tasks include continuing collecting traffic and truck counts, transit ridership, preliminary review of 2020 Census and demographic data. Updated Land Use parcel datasets for Land Use Model and RTDM. Participation in meeting and Webinar related to GIS, Activity Base Model (ABM), Big data applications and land use modeling. Land Use Model and Development Monitoring Framework Tool.
Federal Planning Factors (PF)	Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth, housing, and economic development patterns. Enhance the integration and connectivity of the transportation system, across and between modes, people and freight.

Promote efficient system management and operation.
Emphasize the preservation of the existing transportation system.
Improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation.
Enhance travel and tourism.

Tasks & Deliverables				
Task	Description	Deliverables	Budget & Completion Date	
1	Administration	Administrative Deliverables	\$	12,000
1.1	AMBAG staff will provide HPMS Program support with data compilation and monitoring.	Reports and HPMS data delivery to Caltrans Office of Highway System Information and Performance Branch	As requested	
1.2	AMBAG staff will continue to administer Central Coast Joint Data Committee (CCJDC), GIS trainings at CCJDC meetings, and participate in GIS Day.	Quarterly meeting, agenda, and meeting notes posted to CCJDC website	Quarterly	
1.3	AMBAG staff will track project activities of FY 2025-26 and develop FY 2026-27 scope of work, tasks, deliverables and budget consistent with Federal planning factors and guidance received.	Scope of work, tasks, deliverables and budget for FY 2026-27 OWP	02/27/2026 Draft 5/13/2026 Final	
1.4	AMBAG staff will provide monthly, quarterly and annual project progress report and products. Project Amendment as needed.	Project progress report (Monthly & Quarterly) and project products	Monthly / Quarterly	
2	Planning	Planning Deliverables	\$	122,500
2.1	AMBAG staff will participate in trainings/webinars, skill development, and capacity building activities for data analysis and GIS mapping.	Attend webinars, seminars, and conferences	6/30/2026	
2.2	AMBAG staff in conjunction with consultant will provide GIS support, training, and mapping, for MPO, RTPA, other agencies and general public.	Presentations, posters, hand out materials	As requested	
2.3	AMBAG staff in conjunction with consultant will continue planning and developing GIS data visualization tools and GIS web applications.	Updated GIS map data and applications in Portal and CalBuilds	Quarterly	
2.4	AMBAG staff in conjunction with consultant will compile and update land use and transportation data sets for scenario development to assist the 2050 MTP/SCS plan and future plans.	GIS database/shapefiles for 2050 MTP/SCS scenarios	10/1/2025	

3	Data Gathering and Analysis	Data Gathering and Analysis Deliverables	\$	148,341
3.1	AMBAG staff will coordinate with RTPA's, local jurisdictions, and Caltrans to assemble traffic and truck volume data at various locations throughout the Monterey Bay Region. Consolidate and convert those data into GIS format.	GIS database, GIS network files and maps of traffic volume, truck counts		4/30/2026
3.2	AMBAG staff will coordinate with transit agencies for the inclusion of transit information in GIS format to be included in the travel demand model.	Ridership, transit service GIS network and maps for MTP/SCS and 2026 AMBAG RTDM		3/31/2026
3.3	AMBAG staff will obtain 2020 -2025 Census, most recent ACS, California Employment Development Department, California Department of Finance Data, and other data as available. Assemble and analyze the data at various levels of geography with consultant's support.	Updated annual trend line database for Monterey Bay Region for internal planning analysis and reports/ plans.		Quarterly
3.4	AMBAG staff in conjunction with local jurisdictions will update land use data and conduct analysis with consultant's support.	GIS shapefiles updated with General Plans, assessor data and other land use information		4/30/2026
3.5	AMBAG staff will coordinate the collection of traffic accident data and reported transportation safety areas.	GIS database of traffic accident locations		3/27/2026
3.6	AMBAG staff will collect data on airport safety zones and update maps.	Updated Airport safety zone maps		4/30/2026
3.7	AMBAG staff will assist staff in collection, analysis and preparation of various charts, maps and databases for core MPO's planning functions and activities.	Charts, Maps, databases and data visualization materials		5/29/2026
3.8	AMBAG staff will compile, prepare data for Complete Streets, freight, GHG Modeling, and update GIS for transportation network.	GIS data or maps for planning, models; updated transportation, land use, TAZ, network.		6/30/2026
4	Coordination	Coordination Deliverables	\$	30,000
4.1	AMBAG staff will coordinate with RTPA's, local jurisdictions, and Caltrans to promote GIS data sharing and publishing on website for better planning and policy making.	Reports, data files, maps and web posting GIS data		Quarterly
4.2	AMBAG staff will participate and help coordinate annual CCJDC GIS day and promote public awareness of the many applications of GIS.	Presentations, posters and agenda as well as maps and web postings as needed		4/30/2026
5	Public Participation	Public Participation Deliverables	\$	5,478
5.1	AMBAG staff with consultants will provide land use components for MTP/SCS, and various GIS data, charts, traffic, freight data, area maps, and trends to agencies and public as needed.	GIS tool updates, data/maps emailed		5/29/2026
5.2	AMBAG staff in conjunction with consultant will provide parcel, land use and zoning data to local, state and regional agencies, land use development proponents and members of the public as needed.	GIS data or maps emailed to interested parties		6/30/2026

On-call technical support services for AMBAG's RTDM with a 5 year term and total contract amount of \$330,000.

Project Description	To support the metropolitan transportation planning activities, air quality analysis and transportation project planning and decision making process AMBAG staff develops, maintains and applies a Regional Travel Demand Model (RTDM). AMBAG staff in consultation with transit agencies, Caltrans, local and regional transportation planning agencies (RTPAs) continuously collects, analyzes and applies the most recent population, employment, land use and various socio-economic spatial data to develop and enhance the RTDM, as well as provides technical assistance/guidance to regional and local agencies, including Caltrans, for model use and its applications, including but not limited to developing their own VMT and VMT/GHG reducing mitigation programs/strategies. The AMBAG RTDM is available for public agency/consultant use by signing an AMBAG Board approved Model Use Agreement (MUA) for corridor and project planning purposes and making sure that local project implementation is consistent with adopted RTDM, MTP/SCS and MTIP. The calibrated/validated AMBAG RTDM is primarily used to develop and compare various transportation and land use alternatives for the Metropolitan Transportation Plan (WE 622), air quality conformity analysis for the Environmental Impact Report (EIR), Sustainable Community Strategy (SCS), Major Investment Studies (MIS), Freight Study, and Metropolitan Transportation Improvement Program (MTIP) (WE 641) project activities. Staff will also be incorporating the recently developed Integrated Land Use Model and Development Monitoring Framework Tool into new AMBAG RTDM with a base year of 2022 and for future TAMC, SCCRTC, SBtCOG, MBARD, Caltrans Dist. 5 staff, Central Coast MPOs (SBCAG and SLOCOG) and professional model users are involved in AMBAG's travel demand model updates/enhancements activities through participation in the Technical Advisory Committees (TACs), Central Coast Model Users Group (CCMUG) as well as project-specific coordination meetings (California Interagency and TRB).
---------------------	---

Project Products	Maintenance of the 2022 AMBAG RTDM (2015-2045 model years), MUA agreements, and technical guidance to regional agencies, state and transportation stakeholders. Provide ongoing support of the 2045 MTP/SCS with model years of 2015-2020-2035-2045. Participation in Model peer review/modeling related committees, workshops and seminars. Final updated the 2022 new base year TransCAD input data layers for new RTDM based on the new census, ACS, employment and other data. Final 2022 traffic counts, transit ridership and freight data (for truck model component) for the 2022 base year AMBAG RTDM. Final 2022 Roadway, Transit and Bike network TransCAD layers for 2022, 2035, and 2050 AMBAG RTDM. Model data for Performance Measures framework for AMBAG MPO area. Fully functional 2026 AMBAG RTDM, which will be an activity-based model (ABM) for the 2022-2035-2050 model years. Integration of 2022 ABM with Air quality emission model (EMFAC) for GHG analysis for 2050 MTP/SCS development. Presentations at Technical Advisory Committee meetings, CIA, CCMUG on the new 2022 AMBAG ABM. Research, collect and deploy, as applicable Big data into 2022 AMBAG RTDM and Performance Measure (PM).
Federally Eligible Tasks	All tasks listed below and deliverables are federally eligible.
Previous Accomplishments	AMBAG finalized and applied hybrid model for 2045 MTP/SCS and continued maintenance and support of the 2022 AMBAG RTDM. Staff also performed modeling activities and provided technical support for regional transportation planning agencies, the Air District, Caltrans, and consultants hired by local and regional transportation planning agencies. AMBAG staff participated in various webinar/workshop pertaining to big data collection/analysis for RTDM and its application. Staff participated in various TMIP webinars and also provided feedback. Staff also made presentations at Regional ITAC meetings and provided an update pertaining to RTDM development and its application. Staff participated in multiple meetings and provided requested data/documents to California Air Resources Board (CARB) pertaining to MTP/SCS evaluation.
Federal Planning Factors (PF)	Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency. Increase the safety of the transportation system for motorized and non-motorized users. Increase the security of the transportation system for motorized and non-motorized users. Increase the accessibility and mobility of people and for freight.

Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth, housing, and economic development patterns.
Enhance the integration and connectivity of the transportation system, across and between modes, people and freight.
Promote efficient system management and operation.
Emphasize the preservation of the existing transportation system.
Improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation.
Enhance travel and tourism.

Tasks & Deliverables				
Task	Description	Deliverables	Budget & Completion Date	
1	Administration	Administrative Deliverables	\$	20,000
1.1	AMBAG staff will continue to provide access to the AMBAG RTDM for interested parties after executing the AMBAG Board approved Model Use Agreement (MUA).	Signed Model Use Agreements, Provide technical guidance/documents		6/30/2026
1.2	AMBAG staff will manage RTDM project contract, track FY 2025-2026 activities, develop FY 2026-27 scope for RTDM update, provide progress reports, and attend MTP/SCS and other project planning/advisory meetings to provide technical guidance.	Attend meetings, provide progress reports, invoices; track RTDM/ABM FY 2025-26, develop FY 2026-27 OWP scope; report progress, summarize findings, present, respond via email.		Monthly
1.3	AMBAG staff will track RTDM project activities for FY 2025-2026 and develop FY 2026-27 scope of work for the RTDM (ABM) update/model enhancement project	Draft and final scope of work for AMBAG RTDM project activites for FY 2026-27 OWP		Draft 2/15/2026 Final 04/30/2026
2	Planning	Planning Deliverables	\$	170,000
2.1	AMBAG staff in conjunction with the RTDM consultant collect, organize and conduct research on 2020 - 2023 Census data, new geographic boundary (Block, Block group and Tract) files and integrate disaggregated population, employment and housing data into model's TAZ layers, proposed for use for future the development modeling MTP/SCS scenarios (with consultant assistance).	Updated 2020 - 2023 Census geographic TAZ/Block group layers and population synthesis data layers for 2022, 2035, 2050		8/29/2025
2.2	Prepare multiple land use scenario data layers for 2022, 2035, and 2050 forecast years for AMBAG's 2050 MTP/SCS (with consultant assistance).	Multiple Land use data input layers for model runs for 2025 MTP/SCS years		8/29/2025
2.3	AMBAG staff will research, review and identify influence of various emerging technologies (Autonomous Vehicle, Work From Home, Transportation Network Companies) on travel forecasting to be used in the next model update.	Research reports, participation in webinars, presentation materials and technical memos.		5/29/2026

2.4	AMBAG staff will participate/attend model peer review, TRB or other conferences, webinar to present and learn new modeling trends and tools.	Meeting summary, presentations, agenda and follow-up	6/30/2026
3	Data Gathering and Analysis	Data Gathering and Analysis Deliverables	\$ 268,214
3.1	Collect 2020-2022 Census, ACS, socio-economic data for 2022 model; update RTDM as per peer review recommendation and calibrate/validate for 2022 base year. (AMBAG staff with consultant)	Socio-Economic, demographic TransCAD TAZ layers, technical document for 2022 model; draft 2022 model with analysis report, user guide.	8/29/2025
3.2	Conduct multiple scenario analysis / model runs using AMBAG Land use Model and RTDM for the 2050 SCS/MTP (2022, 2035 and 2050 modeling years), with consultant assistance.	Model results with performance measures reports for multiple scenarios. Summary results tables, charts and maps for MTP/SCS	11/28/2025
3.3	Conduct GHG emission analysis for each 2050 MTP/SCS model scenarios using EMFAC 2014 and 2017 models.	Summary tables/charts documenting GHG analysis results by County for each scenarios.	11/28/2025
3.5	Analyze truck/freight data trends to enhance RTDM modeling; validate with ground sources like truck counts, freight flows, population, employment. (AMBAG staff with consultant)	Updated truck/freight dataset for model inputs; integrated 2022 base year truck model into new RTDM with technical document.	5/2/2026
4	Coordination	Coordination Deliverables	\$ 14,000
4.1	AMBAG staff will provide RTDM related technical update to RTPA's Technical Advisory Committees.	Staff reports, presentations and technical data/handouts for ITAC meetings.	Quarterly
4.2	AMBAG staff will continue coordinate with regional transportation planning agencies (RTPAs) and local jurisdictions to receive their inputs on land use, traffic counts and other project activities to be included in the RTDM.	Updated network and TAZ layers for Base year and future years (2035 and 2050).	6/27/2026
5	Public Participation	Public Participation Deliverables	\$ 15,000
5.1	AMBAG staff will participate and/or help organize the Central Coast Model Users Group meeting.	Meeting agenda, handouts, notes and action items.	4/27/2026
5.2	AMBAG with the assistance of the consultant will begin compiling data for the 2026 RTDM for use in the MTP/SCS for year 2050 for base, intermediate and horizon year (inputs and outputs). Data to be used for and hosted on AMBAG website for stakeholders, local jurisdiction and general public.	Simplified model output files for website, handouts, maps, tables for public inputs/information.	6/27/2026
5.3	AMBAG staff will update, host and maintain model data on AMBAG Model SharePoint site for stakeholders, agency partners, as well as the general public.	SharePoint with downloadable data	Ongoing

Project Description	This Pajaro Bridge Infrastructure Resilient Design Study (Pajaro BIRDS) seeks to find innovative solutions for the bridge located on Highway 1 at the Pajaro River in Monterey and Santa Cruz Counties, and will increase the resilience of the Highway 1 at the Pajaro River from the impacts of flooding, drainage impoundment, sea level rise, and climate change. The improvements proposed in this study will help provide safe passage during an evacuation and reduce the risk of damage to the critical Highway 1 evacuation route.

TOTAL	74,971.51	0.00

*Contracts are as follows with programmed amount for current FY:
None
**May include out of state travel.

Project Description	The REAP 2.0 program is funded through \$500 million from the Coronavirus Fiscal Recovery Fund of 2021 and \$100 million from the State General Fund. The Regional Early Action Planning Grants of 2021 will be administered by the California Department of Housing and Community Development (HCD) in collaboration with the Governor’s Office of Planning and Research (OPR), the Strategic Growth Council (SGC), and the California Air Resource Board (CARB). A majority of the funds (85 percent) will flow directly to the state’s 18 Metropolitan Planning Organizations (MPOs), with an expectation the MPOs will subgrant a portion of the funds to eligible entities (cities, counties, transit/transportation agencies) in their metropolitan region. This work element will oversee and implement the framework for suballocating the funding equitably in the AMBAG region. The purpose of REAP 2.0 is supporting transformative planning and implementation activities that include, but are not limited to, accelerating infill and affordable development; supporting residents through realizing multimodal communities; shifting travel behavior through reducing driving; and increasing transit ridership, walking, and biking as primary modes of transportation.		
Project Products	• AMBAG regional housing planning activities • Technical assistance and regional studies		
Federally Eligible Tasks	This is a non federal work element.		
Previous Accomplishments	AMBAG developed the REAP 2.0 priorities, framework, and awarded REAP 2.0 funding and executed agreements with subrecipients for the Local Subregional and Regional Competitive Grant Programs. Amended subrecipient agreements to reflect the 5.9% REAP 2 funding reduction. Coordination with local, regional agencies for project updates.		
Federal Planning Factors (PF)	This is a non federal work element.		
Tasks & Deliverables			
Task	Description	Deliverables	Budget & Completion Date
1	Administration	Administrative Deliverables	\$ 5,000

1.1	Track and update the project schedule as well as quarterly progress reports and submit to HCD for necessary action (as needed).	Updated project timeline and scope of work. Monthly and quarterly progress report to HCD	Quarterly	
1.2	Project management of REAP 2.0 Program development, project priorities, etc.	Scope, schedule and budgets. Quarterly invoices and reports on project progress	Quarterly	
2	Planning	\$	45,000	
2.1	Administer, implement, and oversee a REAP 2.0 Program and pass through funding to the REAP 2.0 subrecipients.	Reporting on project planning, consultant procurement, outlines or progress on draft documents/projects	Ongoing

A majority of the funds (85 percent) will flow directly to the state’s 18 Metropolitan Planning Organizations (MPOs), with an expectation the MPOs will subgrant a portion of the funds to eligible entities (cities, counties, transit/transportation agencies) in their metropolitan region. This work element will oversee and implement the framework for suballocating the funding equitably in the AMBAG region. The purpose of REAP 2.0 is supporting transformative planning and implementation activities that include, but are not limited to, accelerating infill and affordable development; supporting residents through realizing multimodal communities; shifting travel behavior through reducing driving; and increasing transit ridership, walking, and biking as primary modes of transportation.
Project Products	Pass through REAP 2.0 funding to AMBAG subrecipients for the Local Suballocation Grant Program
Federally Eligible Tasks	This is a non federal work element.
Previous Accomplishments	Amended subrecipient agreements
Federal Planning Factors (PF)	This is a non federal work element.

***The federal matching rate is 11.47%.

Project Description	The purpose of this project is to inform local governments, concerned agencies and citizens of local, regional, and regionally significant state projects in order to promote early review and consideration of projects and anticipated impacts. AMBAG provides comments on key project which may have an impact on the implementation of the MTP/SCS and MTIP. This work element allows AMBAG to monitor regionally significant projects and their impact on the regional travel demand model and regional transportation performance targets. Additionally, the information collected can be used to track and facilitate coordination across jurisdictions and MPO boundaries on land use plans and projects that have transportation implications, and transportation plans and projects that have land use implications.
Project Products	Monthly record of projects and plans requiring compliance with the California Environmental Quality Act (CEQA).
Federally Eligible Tasks	Collection and documentation of regionally significant project proposals and state planning programs.
Previous Accomplishments	AMBAG developed and implemented a Regional Clearinghouse database. Staff has entered into a database, written clearinghouse records since 2002.
Federal Planning Factors (PF)	Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency. Increase the safety of the transportation system for motorized and non-motorized users. Increase the security of the transportation system for motorized and non-motorized users. Increase the accessibility and mobility of people and for freight.

Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth, housing, and economic development patterns.

Enhance the integration and connectivity of the transportation system, across and between modes, people and freight.

Promote efficient system management and operation.

Emphasize the preservation of the existing transportation system.

Tasks & Deliverables				
Task	Description	Deliverables	Budget & Completion Date	
1	Administration	Administrative Deliverables	\$	3,489
1.1	Provide a summary to the AMBAG Board of Directors on activities that have come through the clearinghouse since the previous board meeting.	Board memos, agenda and minutes		Monthly
2	Planning	Planning Deliverables	\$	4,000
2.1	Review environmental documents for consistency with regional plans. Provide feedback to lead agencies about developments that will impact the regional transportation system and information sharing with partner agencies will be addressed through regional coordination and liaison work elements.	Correspondence		Weekly
3	Data Gathering and Analysis	Data Gathering and Analysis Deliverables	\$	3,000
3.1	Continuously track projects in a regional database for the purposes of examining land use in the region.	Access database updated weekly		Weekly

*Contracts are as follows with programmed amount for current FY:
None

Project Description	Provide administrative services to the Pajaro River Watershed Flood Prevention Authority.
Project Products	Agendas, minutes, and financial records and reports.
Federally Eligible Tasks	This is a non-federal work element.
Previous Accomplishments	The Authority was established in July 2000 by State Assembly Bill 807 in order to “identify, evaluate, fund, and implement flood prevention and control strategies in the Pajaro River Watershed, on an intergovernmental basis.” The watershed covers areas of four counties and four water districts and the board is comprised of one representative from each of the eight following agencies: • County of Monterey • County of San Benito • County of Santa Clara • County of Santa Cruz • Monterey County Water Resources Agency • San Benito County Water District • Santa Clara Valley Water District • Santa Cruz County Flood Control and Water Conservation District, Zone 7 The Authority acts as a governing body through which each member organization can participate and contribute to finding a method to provide flood protection in the watershed and promote general watershed interests. In addition to flood protection, some identified benefits could include:

- Municipal, agricultural, and industrial water supply
- Groundwater recharge
- Support of rare, threatened, or endangered species
- Migration and spawning of aquatic organisms
- Preservation of wildlife habitat
- Water quality

Federal Planning Factors (PF)	This is a non-federal work element.

** May include out of state travel.
***The federal matching rate is 11.47%.

Project Description	The Moving Ahead for Progress in the 21st Century (MAP-21) Act and the Fixing America's Surface Transportation (FAST) Act transformed the Federal-aid highway program by establishing new requirements for performance management. The Infrastructure Investment and Jobs Act (IIJA) continued to support performance management requirements. Performance management increases accountability and transparency and provides for a framework to support improved investment decision making through a focus on performance outcomes for key national transportation goals. Under this Work Element staff will conduct research, identify, collect and develop a Transportation Performance Management (TPM) measure analysis framework for future use as established under FAST Act. /IIJA TPM measures framework will include but is not limited to, motorized and non-motorized safety performance, condition for highways, bridges, transit assets, and National Highway System (NHS) performance. NHS performance to include: person-miles traveled, total emission reductions, travel time reliability and traffic congestion. AMBAG uses the State adopted federal performance targets for Performance Measures (PM) 1, 2, 3 and report on the progress made on those targets in our region. Performance based planning activities in selecting projects is conducted as part of WE 622. Regional decision making in project programming and allocation is conducted in WE 641. AMBAG’s performance based planning, programming process and performance management efforts are conducted throughout all of AMBAG's planning efforts and are included in WE 610, 622, and 641.
---------------------	---

TPM represents the opportunity to prioritize needs, and align resources for optimizing system performance in a collaborative manner. TPM measures work supports activities such as the Metropolitan Transportation Plan (MTP), Regional Travel Demand Model (RTDM), the Metropolitan Transportation Improvement Program (MTIP) and transit system planning. Implementing the TPM framework will improve infrastructure planning, performance measure tracking and evidence based transportation system analysis. The TPM framework will also support Regional Models of Cooperation.

Project Products	• Research, identify, and collect data for TPM measures analysis. • Participate in TPM measures related meetings, webinars and target setting process with State, federal and local agencies. • Work with State and Federal agencies to develop and compile TPM measures metrics and a performance measure analysis framework.
Federally Eligible Tasks	All tasks of this work element are eligible for Federal funding.
Previous Accomplishments	Presented informational material on TPMs to AMBAG Board, regional partners and local jurisdictions. Coordinated with Caltrans and FHWA on identifying Statewide TPMs. Compiled performance measure data for inclusion in AMBAG’s 2045 MTP/SCS and MTIP. Reviewed statewide TPMs with RTPA partners and adopted statewide TPM goals.

Federal Planning Factors (PF)

Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth, housing, and economic development patterns.

Promote efficient system management and operation.

Emphasize the preservation of the existing transportation system.

Improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation.

Tasks & Deliverables			
Task	Description	Deliverables	Budget & Completion Date
1	Administration	Administrative Deliverables	\$ 3,000
1.1	Monitor, report and provide support for development of TPM measures.	Compile information and State and Federal reporting	Monthly
1.2	Development of Transportation Performance Management (TPM) project tasks, deliverables and budget for FY 2026-27.	Tasks, deliverables and budget	Draft 2/15/2026 Final 04/30/2026
2	Planning	Planning Deliverables	\$ 9,000
2.1	Research federal and state requirements for TPM data needs. Analysis of performance measures and targets. Providing reports and feedback to state as needed.	Analysis, reporting and correspondence pertaining to TPMs	4/30/2026
2.2	Implement the state and regional TPM framework in cooperation with federal, state and local partners.	Adopted TPM agreements and related correspondence, memos and forms	Monthly

3	Data Gathering and Analysis	Data Gathering and Analysis Deliverables	\$	21,569
3.1	Collect and compile performance monitoring indicator data (safety, transportation infrastructure, system reliability, congestion, economic vitality, environmental sustainability, and freight movement data) for reference. This will include data collection from the National Performance Management Research Data Set and associated analysis.	Data sets, excel spreadsheets, tables, charts and figures.		5/31/2026
3.2	Regional performance target setting and evaluate progress met.	Regional measures and targets.		6/30/2026
4	Coordination	Coordination Deliverables	\$	9,000
4.1	Coordinate with local, state, federal agencies and key stakeholders for data collection, identifying responsible agencies and coordination for data support and if needed.	Reports, data and MOUs for data agreements		Monthly
4.2	Attend and participate in meetings, webinars and working groups.	Agendas, handouts and follow-up actions		Monthly (as needed)
5	Public Participation	Public Participation Deliverables	\$	1,211
5.1	Provide performance measure information and data for use by government agencies and members of the public.	Data availability		Quarterly

Amendment No. 2

Project Manager: Heather Adamson

Total Budget: \$373,093.87

REVENUE	Amount (\$)	Changes
SB1 Formula & Competitive Grants (FY 2025-2026)	330,300.00	0.00
FHWA PL FY 2025-26	42,793.87	0.00
In-Kind	5,544.40	0.00
TOTAL	373,093.87	0.00

***The federal matching rate is 11.47%.

Project Description	This work element will conduct local and regional multimodal transportation and land use planning that further the AMBAG's MTP/SCS, contribute to the State’s GHG reduction goals, targets and other sustainability goals. Under this work element, AMBAG staff will work with local jurisdictions, transportation partner agencies, Caltrans and key stakeholders to develop and implement key components and strategies of the MTP/SCS. AMBAG will collaborate with local jurisdictions to provide various plans, strategies and data that will be used in the AMBAG MTP/SCS. Additionally, task included in this work element include updating the draft regional growth forecast.
Project Products	• Draft Climate action, adaptation, housing, and VMT reduction strategies analysis documentation for the 2050 MTP/SCS submittal to CARB • Draft and final SCS maps • Draft and final SCS document
Federally Eligible Tasks	This work element contains State funding. "The Road Repair and Accountability Act of 2017, Senate Bill (SB) 1," provides the first significant, stable, and ongoing increase in state transportation funding in more than two decades. The Legislature has increased revenues and expanded the California Transportation Commission’s (CTC) role to provide transparent oversight and accountability for transportation infrastructure investments. SB 1 has allocated \$25 million annually for Sustainable Communities Grants to encourage local and regional planning that further state goals, including, but not limited to, the goals and best practices cited in the regional transportation plan guidelines adopted by the CTC. However, this work element directly supports federally required MTP/SCS development, public participation and implementation, monitoring and update related tasks. It helps meet the objectives of the AMBAG Metropolitan Transportation Plan, in that it utilizes techniques that assist in community-based development of innovative regional transportation and land use alternatives to improve community livability, long-term economic stability and sustainable development.

Previous Accomplishments	• Final Draft Regional Growth Forecast • Researched and updated data for MTP/SCS development and implementation. • Updated SCS mapping and graphics. • Developed initial process for AMBAG local jurisdiction MOU agreement for data sharing and MTP/SCS implementation.
---------------------------------	---

Federal Planning Factors (PF)	Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth, housing, and economic development patterns. Promote efficient system management and operation. Emphasize the preservation of the existing transportation system. Improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation.
--------------------------------------	--

Tasks & Deliverables				
Task	Description	Deliverables	Budget & Completion Date	
1	Administration	Administrative Deliverables	\$	12,500
1.1	Staff will track and update the project schedule monthly and prepare monthly as well as quarterly progress reports and submit to Caltrans for necessary action.	Updated project timeline and scope of work. Monthly and quarterly progress report to Caltrans		Monthly/ Quarterly
2	Planning	Planning Deliverables	\$	240,594
2.1	Staff will attend local, state and regional agency meetings/workshops/seminars pertaining to transportation, land use, housing, habitat, economic, climate adaptation, sustainability, or air quality planning activities as well as issues to enhance staff skills and greater participation and/ or coordination.	Training materials, meeting agendas, handouts, notes and presentations at AMBAG Board and other policy board meetings		Monthly

2.2	Develop the draft and final land use scenarios and mapping for the draft/final 2050 MTP/SCS.	Data collection, mapping and land use scenarios	5/31/2026
2.3	Staff will finalize climate action and adaptation planning and VMT reduction/mitigation activities and strategies for inclusion in the Draft/Final 2050 MTP/SCS	Climate action, adaptation, and VMT reduction strategies for the Final 2050 MTP/SCS	5/31/2026
3	Data Gathering and Analysis	Data Gathering and Analysis Deliverables	\$ 50,000
3.1	Staff will collect and compile data (public health, housing, habitat, natural resources, farmland, transportation, etc.) and data analysis for inclusion in the Final 2050 MTP/SCS.	Data, spreadsheets, tables, GIS layers, etc.	3/31/2026
3.2	Staff will develop maps, graphs and charts for the Final 2050 MTP/SCS and local jurisdictions.	Data, spreadsheets, tables, GIS layers, etc.	4/30/2026
4	Coordination	Coordination Deliverables	\$ 30,000
4.1	Staff will attend state, regional and local agency meetings (including MPO/State Agency Planning Agencies, Strategic Growth Council, Office of Planning & Research, Air Resources Board, California Energy Commission, Housing & Community Development, California Transportation Agency Sustainable Leaders Network, and Monterey Bay Air Resources District) to exchange information on transportation and land use planning activities in order to enhance coordination among transportation plans, programs and regulations.	Reports on transportation related planning activities, including recommendations on affecting consistency in local regional plans, in monthly Board and advisory committee meeting agendas, and shared with stakeholders (attend over 20 meetings). Meeting agenda review, presentations and follow-up to the action items	Monthly
5	Public Participation	Public Participation Deliverables	\$ 40,000
5.1	Staff will hold public workshops and public hearings on the Draft 2050 MTP/SCS.	Meeting agendas, presentations, handouts, meeting notes and action items	2/28/2026
5.2	Staff will hold public hearings on the adoption of the Final 2050 MTP/SCS.	Meeting agendas, presentations, handouts, meeting notes and action items	6/30/2026
5.3	Staff will hold coordination meetings with partner agencies.	Meeting agendas, presentations, handouts, meeting notes and action items	Monthly

Project Description	Update and implement the Metropolitan Transportation Plan (MTP) for the Monterey Bay Metropolitan Planning Region, in accordance with IJIA regulations and using performance based planning. AMBAG, SCCRTC, TAMC, SBtCOG, Caltrans, transit agencies (MST and SC METRO) coordinate and cooperatively develop the region's MTP. The MTP consists of a regional vision, policies and goals, transportation improvement projects and a financial forecast. The development and adoption of the MTP is a multi-year project with an expected adoption date of June 2026. AMBAG’s performance based planning and programming (WE 641) process work in concert with performance management (WE 610) to ensure that the regional decision making process selects and programs projects and monitors the project's progress made on performance measures. In addition, this work element will perform outreach, education, and coordination related to the Coordinated Public Transit-Human Services Transportation Plan (CPTP). The CPTP is a key planning document which identifies shortcomings in essential services to the elderly, disabled, low income and health challenged individuals, and provides strategies to mediate these shortcomings.
Project Products	• Draft and Final 2050 MTP/SCS • Draft and Final Environmental Impact Report for the 2050 MTP/SCS • Final 2025 Coordinated Plan.
Federally Eligible Tasks	All tasks listed below and deliverables are federally eligible.
Previous Accomplishments	Past accomplishments include updated vision, goals and performance measures, draft project lists and revenue projects, virtual public workshops and presentation at technical/stakeholder meetings, EIR Notice of Preparation for the 2050 MTP/SCS, as well as, the Draft 2025 Coordinated Plan.
Federal Planning Factors (PF)	Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity and efficiency. Increase the safety of the transportation system for motorized and non-motorized users.

Increase the security of the transportation system for motorized and non-motorized users.

Increase the accessibility and mobility of people and for freight. Enhance the integration and connectivity of the transportation system, across and between modes, people and freight.

Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth, housing, and economic development patterns.

Enhance the integration and connectivity of the transportation system, across and between modes, people and freight. (Support the ability for freight shippers and providers of freight transportation services to participate in metropolitan planning processes.)

Promote efficient system management and operation.

Emphasize the preservation of the existing transportation system.

Improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation.

Enhance travel and tourism.

Tasks & Deliverables				
Task	Description	Deliverables	Budget & Completion Date	
1	Administration	Administrative Deliverables	\$	20,000
1.1	Staff will hold MTP/SCS Working Group and Executive Steering Committee meetings.	Meeting agendas, presentations, handouts, meeting notes and action items		Monthly
1.2	Staff will develop project tasks, deliverables and budget for FY 2026-27.	Tasks, deliverables and budget for FY 2026-27.		Draft 2/15/2026 Final 04/30/2026
2	Planning	Planning Deliverables	\$	355,000
2.1	Staff will prepare the Draft and Final 2050 MTP/SCS documents.	Draft and Final 2050 MTP/SCS documents		6/30/2026
2.2	Staff in conjunction with consultants will continue work on the EIR, including the Draft and Final EIR	Draft and Final EIR		6/30/2026

2.3	Staff will work with local jurisdictions to develop and incorporate new policies in their general/specific plans/ordinances that help achieve the goals of the MTP.	Policies ready for incorporation into general plans and zoning ordinances	3/31/2026
2.4	Staff will finalize the 2025 Coordinated Plan.	Final 2025 Coordinated Plan	11/30/2025
3	Data Gathering and Analysis	Data Gathering and Analysis Deliverables	\$ 99,193
3.1	Staff will develop maps, graphs and charts in support of the 2050 MTP/SCS and for the 2025 Coordinated Plan (as needed).	Maps, graphs and charts	Quarterly
3.2	Staff will maintain the MTP/SCS project database.	Project database	Ongoing
4	Coordination	Coordination Deliverables	\$ 40,000
4.1	Staff will coordinate with regional and local agencies to implement the 2045 MTP/SCS and develop the 2050 MTP/SCS and the 2025 Coordinated Plan.	Meeting agendas, presentations, handouts, meeting notes and action items for 12-15 meetings	Monthly
4.2	Staff will conduct Planning Directors Forum meetings.	Meeting agendas, presentations, handouts, meeting notes and action items for 3-6 meetings	Quarterly
4.3	Staff will coordinate meetings with partner agencies.	Meeting agendas, presentations, handouts, meeting notes and action items for 9 - 12 meetings	Monthly
5	Public Participation	Public Participation Deliverables	\$ 46,411
5.1	Staff to continue to provide updates on the progress of planning projects included the adopted 2045 MTP/SCS and the 2050 MTP/SCS currently under development in public forums.	Meeting agendas, presentations, handouts, meeting notes and action items	6/30/2026
5.2	Staff will engage the Federal Land Management Agencies (FLMAs), the Bureau of Indian Affairs, U.S. Forest Service, National Park Service, U.S. Fish and Wildlife Service, Bureau of Land Management, Bureau of Reclamation, and the Department of Defense, including the U.S. Army Corps of Engineers, and others during the development of MTP/SCS.	Meeting agendas, presentations, handouts, meeting notes and action items	3/31/2026
5.3	Staff will hold 3 public workshops on the 2050 MTP/SCS	Meeting notice, materials and notes	2/28/2026
5.4	Staff will participate in public meetings on issues related to the Coordinated Plan.	Outreach materials	11/30/2025

***The federal matching rate is 11.47%.

Project Description	This work element programs the Monterey, Santa Cruz, and San Benito County work related to the Monterey Bay Metropolitan Transportation Improvement Program (MTIP) for FFY 2024-25 to FFY 2027-28 and the MTIP for FFY 2026-27 to FFY 2029-30. The MTIP implements the Monterey Bay Metropolitan Transportation Plan (MTP), as required by the Infrastructure Investment and Jobs Act (IIJA), including projects that meet the region's Transportation Performance Measures (TPM) and goals, as stated in the region's adopted 2045 MTP/SCS (access and mobility, economic vitality, environment, healthy communities, social equity, system preservation and safety). The MTIP includes an analysis of performance based planning and programming, demonstrating the anticipated effect of the MTIP toward achieving and linking investment priorities to the Transportation Performance targets as established by State in consultation with MPO. It lists multimodal transportation related improvements and includes all federally funded transportation improvement projects, as well as regionally significant transportation improvement projects regardless of funding source. The document is financially constrained, updated every two years and amended as warranted. According to the federal regulations, the Monterey Bay MTIP is first approved by the AMBAG Board of Directors as MPO, then by the State Governor, and upon federal (FHWA and FTA) approval, it is included in the Federal Statewide Transportation Improvement Program (FSTIP).
---------------------	---

The main objective of this work element is to maintain the federally mandated MTIP for FFY 2024-25 to FFY 2027-28 and to develop the MTIP for FFY 2026-27 to FFY 2029-30 for the AMBAG Region as a part of the metropolitan transportation planning requirements. The MTIP is developed in coordination, cooperation, and consultation with the area's transit providers (MST, San Benito County LTA and SC METRO), Regional Transportation Planning Agencies (TAMC, SCCRTC and San Benito COG), local jurisdictions, Caltrans, FHWA, FTA, Bureau of Land Management (BLM), and other transportation stakeholders. As part of this work element, AMBAG will program eligible Native American Tribes federally required transportation projects in the Region. Under this Work Element, staff will identify and incorporate the Transportation Performance Management (TPM) measure analysis framework established under MAP-21, FAST Act and continued in IIJA. TPM measures framework will include but is not limited to, motorized and non-motorized safety performance, condition for highways, bridges, transit assets, and National Highway System (NHS) performance. NHS performance to include: person-miles traveled, total emission reductions, travel time reliability and traffic congestion. The MTIP aims to promote achievement of the performance targets in the plan.

Project Products

- Three formal amendments and 16 administrative modifications to the MTIP for FFY 2024-25 to FFY 2027-28.
- Draft and final documents for MTIP for FFY 2026-27 to FFY 2029-30.
- Annual List of Federally Obligated Projects by December 31, 2025.
- Notices for public participation for MTIP adoption/amendments.
- Board meetings staff memoranda and other supporting materials.
- Presentations to TAMC, SCCRTC, and San Benito COG Technical Advisory Committees and participation in the California Federal Programming Group (CFPG).
- State/federal reports, as mandated or requested for the MPO region.
- Information/coordination with local agencies/transit agencies/RTPAs about MTIP as well as Federal Land Management Agency, Bureau of Land Management (BLM) and Tribal governments.
- Quarterly progress reports for Performance Based Planning and Programming implementation

Federally Eligible Tasks	All tasks listed below and deliverables are federally eligible.
Previous Accomplishments	•In coordination, consultation, and cooperation with the RTPAs, transit agencies, local jurisdictions, Caltrans, FHWA, FTA, Federal Land Management Agency, Bureau of Land Management (BLM), and other interested stakeholders, developed the Monterey Bay MTIP for FFY 2024-25 to FFY 2027-28. • Issued twelve (12) formal amendments and administrative modifications to the Monterey Bay MTIP for FFY 2022-23 through FFY 2025-26. • Programmed HSIP, FTA, SRTS and other special funding and provided guidance to regional and local agencies. • Provided Concurrence Letters for MST and SCMETRO grant applications to the FTA and executed Supplemental Agreements. • Published Annual List of Federally Obligated Projects for FFY 2023-24. • Attended six (6) CFPG meetings. • Attended six (8) TAC meetings.
Federal Planning Factors (PF)	Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity and efficiency. Increase the safety and security of the transportation system for motorized and non-motorized users. Increase the accessibility and mobility of people and for freight. Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth, housing, and economic development patterns. Enhance the integration and connectivity of the transportation system, across and between modes, people and freight. Promote efficient system management and operation. Emphasize the preservation of the existing transportation system. Improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation. Enhance travel and tourism.

Tasks & Deliverables				
Task	Description	Deliverables	Budget & Completion Date	
1	Administration	Administrative Deliverables	\$	19,274
1.1	Engage in coordination, cooperation and consultation efforts with staff from the RTPAs, transit agencies, Caltrans, local agencies, and other project managers for the development of the MTIP for FFY 2026-27 to FFY 2029-30 MTIP.	Meeting agendas, presentations materials and email exchange		6/15/2026
1.2	Make at least three presentations at the TAC/ITAC meetings (TAMC, SCCRTC, and San Benito COG) for MTIP update.	Staff reports, presentation materials and handouts		5/21/2026
1.3	Prepare Board agendas, resolutions and provide Board presentations for MTIP formal amendments.	Staff reports, resolutions and presentation materials		Monthly
1.4	Review and provide transit agencies the project consistency certification and split letters for FTA fund administration.	Certificate/split letter for FTA grant applications		6/19/2026
1.5	Attend at least 4 California Federal Programing Group (CFPG).	Meeting notes and follow-up items		Quarterly
1.6	Monitor and update the project schedule and associated funding for FY 2025-26 and develop scope of works for FY 2026-27 MTIP.	Updated project timeline and scope of work for FY 2026-27	Draft 2/27/2026 Final 05/13/2026	
1.7	Administration of Carbon Reduction Program funding projects and programing.	Projects for Carbon Reduction Program		6/26/2026
2	Planning	Planning Deliverables	\$	60,000
2.1	Solicit MTIP Formal Amendment and Administrative Modification requests.	Amendment requests, schedule and follow-up.		Quarterly
2.2	Program MTIP amendment projects into CTIPS. Prepare backup listing for group projects.	CTIPS programming pages and amendment packages		Monthly/ Quarterly
2.3	Solicit from partner agencies projects for inclusion in the MTIP for FFY 2026-27 to FFY 2029-30.	Project list for the MTIP for FFY 2026-27 to FFY 2029-30		6/12/2026
2.4	Participate in various webinars/meetings pertaining to programming and performance measures in relation to next MTIP development and reporting requirements.	Meetings/Webinars/Handouts		Monthly/ Quarterly
2.5	Incorporate the state and regional TPM framework in the MTIP in cooperation with federal, state and local partners.	TPM analysis report for FFY 2024-25 to 2027-28 MTIP projects		Quarterly
2.6	Selection of projects for Carbon Reduction Program funding to include completion of CRP Project Alignment Forms.	Final Carbon Reduction Program project list and completed CRP Project Alignment Forms		5/22/2026

2.7	Programming and monitoring Carbon Reduction Program projects/funding.	Updated list of Carbon Reduction Program projects and funding	6/26/2026
3	Data Gathering and Analysis	Data Gathering and Analysis Deliverables	\$ 70,000
3.1	Prepare MTIP financial constraint summary tables for MTIP for FFY 2024-25 to FFY 2027-28 and MTIP for FFY 2026-27 to FFY 2029-30.	Financial Constraint Summary Tables for MTIP and each formal amendment	6/19/2026
3.2	Coordinate Formal Amendment/Administrative Modification requests with local jurisdictions.	Four formal amendments and ten administrative modifications	Monthly
3.3	Prepare financial tables for each Formal Amendment of the MTIP.	Updated financial tables to go with formal amendments	Quarterly
3.4	Publish FY 2024-25 annual list of obligated projects for the AMBAG Region.	Annual list of obligated projects report	12/31/2025
3.5	Enter MTIP projects for the Monterey Bay Region in CTIPS and develop draft MTIP document for FFY 2026-27 to FFY 2029-30.	CTIPS entries and draft MTIP document	6/26/2026
3.6	Update projects for MTIP FFY 2024-25 to FFY 2027-28 in CTIPS.	Projects for the MTIP FFY 2024-25 to FFY 2027-28 in CTIPS	6/29/2026
3.7	Produce quarterly reports for Performance Based Planning and Programming (PBPP) and implementation progress.	Quarterly report of Transportation Performance Measures	Quarterly
3.8	Perform Transportation Performance Measures analysis for FFY 2026-27 to FFY 2029-30 MTIP.	Performance Measures chapter for the FFY 2026-27 to FFY 2029-30 MTIP	6/26/2026
4	Coordination	Coordination Deliverables	\$ 31,800
4.1	Attend TAC meetings of TAMC, SCCRTC, and San Benito COG and coordinate MTIP development.	At least 8 meetings, attendance, and presentations	Monthly
4.2	Coordinate MTIP amendment process with RTPAs, Federal Land Management Agency, Bureau of Land Management (BLM), and project implementing agencies.	Agenda, email, handouts etc.	Quarterly
5	Public Participation	Public Participation Deliverables	\$ 20,000
5.1	Publish public notice for Formal Amendments to the MTIP for public comments/review periods. Also forward those to Federal Land Management Agency, Bureau of Land Management (BLM).	Newspaper notices publication and circulation	Quarterly
5.2	Post Formal Amendments to web for public comments / review.	Multiple (MTIP document and Amendments) web postings	Quarterly

Project Description	The purpose of this work element is to conduct and/or participate in feasibility studies, prepare plans for regionally significant major corridor studies including but not limited to rail, transit, highway corridors within the tri-county Monterey Bay Region. Under this work element AMBAG will participate in highway/transit/rail corridor planning projects in cooperation with MPO, RTPA, transit agencies and Caltrans. This work element will also consider the feasibility of incorporating Complete Streets components into corridor planning projects to ensure that transportation corridors are designed and operated for safe and accessible travel for all users, including pedestrians, cyclists, transit riders, and motorists. Coordination will improve inter-agency cooperation on rail service and corridor planning.
Project Products	• Participate in project coordination meetings, agenda, and presentation materials.
Federally Eligible Tasks	Participate/assist in the preparation of the alternatives analyses/corridor studies being prepared throughout the region.
Previous Accomplishments	Participated in various corridor studies meetings and provided technical guidance per the MTP policies/strategies. Staff has supported RTPA (TAMC) involvement in the Rail Policy Committee and Coast Rail Coordinating Council. In addition, staff participation includes the U.S. 101 Business Plan, the MST TOD Study, SC METRO Reimagine Bus Network Study, and other corridor and freight studies.

Federal Planning Factors (PF)

Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity and efficiency.

Increase the safety of the transportation system for motorized and non-motorized users.

Increase the security of the transportation system for motorized and non-motorized users.

Increase the accessibility and mobility of people and for freight.

Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth, housing, and economic development patterns.

Enhance the integration and connectivity of the transportation system, across and between modes, people and freight.

Promote efficient system management and operation.

Emphasize the preservation of the existing transportation system.

Improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation.

Enhance travel and tourism.

Tasks & Deliverables				
Task	Description	Deliverables	Budget & Completion Date	
1	Administration	Administrative Deliverables	\$	2,000
1.1	Monitor rail, multimodal, and highway corridor planning activities, attend meetings and update other government agencies on plans.	Meeting agenda, handouts, notes and action items		Quarterly

2	Planning	Planning Deliverables	\$	13,000
2.1	Provide a regional forum for discussion on inter-county connections for future rail projects.	Meeting agenda, handouts, notes and action items		Monthly
2.2	Review technical studies, concept scenario evaluations and environmental considerations for partner projects and provide feedback.	Technical memoranda and feedback on planning studies		Bi-monthly
3	Data Gathering and Analysis	Data Gathering and Analysis Deliverables	\$	7,500

This map displays the counties of Santa Cruz, San Benito, and Monterey in California. The Salinas River is highlighted in red, flowing from the north towards the south. Major cities and towns are labeled, including San Jose, San Francisco, San Diego, San Antonio, San Marcos, San Luis Obispo, Santa Barbara, Santa Cruz, San Benito, and Monterey. The map also shows the Salinas River, the San Benito River, and the Salinas River. The Salinas River is highlighted in red. The map includes a scale bar and a north arrow. The map is titled "Salinas River" and "Salinas River".

California Department of Transportation SB 1 Sustainable Communities Formula Grants Metropolitan Planning Organization Project List

MPO	FY of Funds	Work Element Number	Project Title	Project Description	Final Work Products/Deliverables	Grant Amount	Local Match Amount
AMBAG	FY 2025-2026	616	Sustainable Communities Planning (FY 2025-2026)	This work element will conduct local and regional multimodal transportation and land use planning that further the AMBAG's MTP/SCS, contribute to the State's GHG reduction goals, targets and other sustainability goals. Under this work element, AMBAG staff will work with local jurisdictions, transportation partner agencies, Caltrans and key stakeholders to develop and implement key components and strategies of the MTP/SCS. AMBAG will collaborate with local jurisdictions to provide various plans, strategies and data that will be used in the AMBAG MTP/SCS.	• Draft climate action, adaptation, housing, and VMT reduction strategies analysis documentation for the 2050 MTP/SCS submittal to CARB • Draft and final SCS maps • Draft and final SCS document	\$ 330,300.00	\$ 42,793.87

Appendix E: Informational Work Elements of Planning Grants Awarded in the AMBAG region

INFORMATIONAL WORK ELEMENT
Reconnecting Communities Pilot (RCP) Program
Project Manager: Jamie Tugel, City of Greenfield

ESTIMATED EXPENDITURE AND ANTICIPATED REVENUE: FY 2025 to 2026Total Budget: \$992,320.00

EXPENDITURES	Amount (\$)	Changes
Draft/Bid Request for Qualifications/Proposals	5,000.00	0.00
Evaluate RFQ/Ps	4,000.00	0.00
Award contract	1,000.00	0.00
City Engineer Support	40,000.00	0.00
30% Completion	300,000.00	0.00
60% Completion	200,000.00	0.00
100% Completion (Future Years)	442,320.00	0.00
TOTAL	992,320.00	0.00

REVENUE	Amount (\$)	Changes
RCN Grant	793,856.00	0.00
Local Match	198,464.00	0.00
TOTAL	992,320.00	0.00

*Contracts are as follows with programmed amount for current FY:
None
***The federal matching rate is 11.47%.

INFORMATIONAL WORK ELEMENT: Reconnecting Communities Pilot (RCP) Program

Project Description	The Greenfield Reconnecting Everyone Across Town (GREAT) Project will develop plans to construct a new bicycle and pedestrian overcrossing at Apple Avenue; widen the two existing overcrossings at Walnut Avenue and Oak Avenue; and explore the feasibility of implementing roundabouts at the west and east ends of the Walnut Avenue and Oak Avenue overcrossings. The U.S. Highway 101 runs north-south through the center of the city, dividing the west and east sides of the Greenfield community with a four-lane highway. The existing bridges that cross over U.S. 101 at Walnut Avenue and Oak Avenue are inadequate to accommodate the anticipated population growth and are already creating a choke point or barrier for residents traveling between the west and east sides of the city. With only two travel lanes, the bridges currently have a service level rating of “D” which will continue to worsen. Additionally, the overcrossings are not wide enough to accommodate bike lanes and the sidewalks are substandard. Walnut Avenue is the busiest corridor in Greenfield for pedestrians, bicyclists, and automobiles.
Project Products	New bicycle and pedestrian overcrossing at Apple Avenue granting improved mobility and access for its residents, especially those members of the City’s low-income and/or migrant community.
Federally Eligible Tasks	This is a non-federal work element.
Federal Planning Factors (PF)	This is a non-federal work element.

Appendix F: List of Tribal Governments in the AMBAG Region

AMBAG coordinates the public involvement processes and outreach efforts with our partner agencies and Tribal Governments to enhance public involvement for regional transportation planning studies, plans and projects. Appropriate consultation is undertaken with agencies and officials responsible for planning activities within the region, as well as state and federal resource management agencies throughout the planning process. AMBAG participates in workshops with federal and state agencies, to establish and maintain interagency consultation throughout the planning process. Additionally, interagency consultation is conducted through periodic meetings, public notices and requests for input on the planning process. In addition, AMBAG engages and coordinates with following Native American Tribal Governments in the region, as applicable.

Amah Mutsun Tribal Band
Costanoan Rumsen Carmel Tribe
Costanoan Ohlone Rumsen-Mutsen Tribe
Esselen Tribe of Monterey County
Indian Canyon Mutsun Band of Costanoan
KaKoon Ta Ruk Band of Ohlone-Costanoan Indians of the Big Sur Rancheria
Muwekma Ohlone Indian Tribe of the SF Bay Area
Northern Valley Yokut / Ohlone Tribe
Ohlone/Costanoan-Esselen Nation
Rumsen Am:a Tur:ataj Ohlone
Salinan Tribe of Monterey, San Luis Obispo Counties
Santa Rosa Rancheria Tachi Yokut Tribe
Tule River Indian Tribe
Wuksachi Indian Tribe/Eshom Valley Band
Xolon-Salinan Tribe

AMBAG Budget

Fiscal Year 2025-26

Amendment 2

May 13, 2026

Board of Directors Meeting

AMBAG FY 2025-2026

Overview

The Association of Monterey Bay Area Governments (AMBAG) is a voluntary association of 18 cities and three counties in California's Central Coast region, encompassing 5,159 square miles and a population of 761,959. The Association was formed in 1968 by an agreement between the cities and counties to serve as a forum for discussing and making recommendations on issues of regional significance. Preservation of the area's natural assets continues to be a strong desire for AMBAG members along with concern for the area's economy and growth.

AMBAG's Board of Directors is composed of elected officials, appointed by their respective City Council or Board of Supervisors. Each member city has one representative on the Board, while each county has two. The Board meets monthly to set policy and to direct professional staff. Non-Voting Ex-Officio members include transit operators, regional transportation planning agencies, the State Department of Transportation, and the Monterey Bay Air Resources District.

Since its formation, AMBAG has confronted regional issues on a cooperative, unified basis between its members and other governments. AMBAG is also the designated Metropolitan Planning Organization (MPO) for Monterey, San Benito and Santa Cruz counties. As the MPO, AMBAG is responsible for metropolitan transportation and mobile source air quality planning for the tri-county region. AMBAG facilitates and coordinates the programming and budgeting of all transportation planning to meet identified needs while meeting collective air quality limitations set forth for transportation facilities. As the Council of Governments (COG) for Monterey and Santa Cruz Counties, the California Housing and Community Development Department (HCD) provides an overall housing need number for the two Counties, and AMBAG is required to allocate this to each jurisdiction in the two-county area every eight years as part of the State's Regional Housing Needs Allocation (RHNA) process. Through 2024, AMBAG was designated through State legislation (AB 101) and the Central Coast Housing Working Group (CCHWG) as the megaregional fiscal agent for suballocating nearly \$8 million dollars of HCD Regional Early Access Planning (REAP) housing planning funds to jurisdictions throughout Monterey, Santa Cruz, San Benito, San Luis Obispo, and Santa Barbara Counties. AMBAG also has a blended component unit non-profit agency, Regional Analysis & Planning Services, Inc. (RAPS, Inc.), to provide staff assistance, educational workshops, and demographic information outside the standard governmental body.

The annual agency budget is presented to the Board of Directors for adoption no later than the June Board meeting as required by the By-Laws.

The Executive Committee, which is also the Board's Finance Committee, reviews the budget and makes recommendations to the Board. The Board of Directors takes action on the budget, considering the member dues assessment for the year, agency staffing, and any salary adjustments and/or cost of living increases, in addition to the direct, indirect and general fund budget components of the overall budget.

The AMBAG budget is three-tiered: direct, indirect/overhead and general fund. The collective individual work elements within the annual Overall Work Program (OWP) comprise the direct budget component of the AMBAG Budget. In addition each work element shows the accrual of a percentage, approved by Caltrans for that fiscal year, of indirect for expenditures and work not directly related to distinct work elements. This collective amount of accrued indirect is enfolded into an indirect budget nested within the AMBAG Budget. In addition to the direct and indirect budget components, the AMBAG Budget also includes a General Fund budget outlining the use of member agencies' dues contributions for expenditures and activities not eligible for grant reimbursement.

For additional information and/or assistance, please do not hesitate to contact AMBAG at:

Note: As prescribed by Section 9B of the AMBAG By-Laws, dues are allocated one half by population ratio, and one half by assessed valuation ratio. Population figures are those published by the California State Department of Finance in January 2024. Assessed valuations are those reported by County Assessors and Auditor-Controllers for FY 2023-2024. There are ten regular meetings scheduled for FY 2025-2026.

AMBAG FY 2025-2026

July 1, 2025

Salary Schedule

AMBAG Personnel Rules and Regulations, Resolution 1985-22, July 11, 1985, as amended by Resolution No. 1999-6, April 14, 1999, covers the salary system. The system provides for numeric ranges for approved positions. Each numeric salary range consists of thirteen salary steps. Part-time employees who work less than 20 hours a week do not receive vacation and other benefits. In addition, part-time employees receive compensation on an hourly basis.

Resolution 1985-22 provides that the salary ranges and classes of positions shall be adopted annually by resolution at the same time as the budget. It is construed that approval of the annual budget by resolution, and approved amendments thereof, also covers the positions and salary ranges contained in the budget.
